

THE LION

DECEMBER 1972

Make the Special Grade with the Midland

It'll pay you handsomely if you are a personable young man with good examination results, join the Midland Bank.

Holding 'A' levels in certain subjects will entitle you to an immediate year's seniority on the basic salary scale. And you will qualify for "Study leave" to prepare for the Institute of Bankers Examinations. Show that you are able, and you will be put in the Special Grade. This means that your salary could go up by as much as £240 a year; and you would be sure you were being marked out for a management role in the Bank.

Make a note of this. A high proportion of present-day entrants to the Midland Bank will reach managerial rank. You can do this in your early 30's, earning £3,000, rising to £6,000 and more. By becoming a marked man at the Midland, you can make your mark early.

It's after you start work at Barclays that you choose your career.

Barclays is a vast, complex banking organisation. In one way or another, it's involved with every sort of business: with supermarkets, stores and shops; with farms, food companies and breweries; with airlines, oil companies and car manufacturers; with national and international trade.

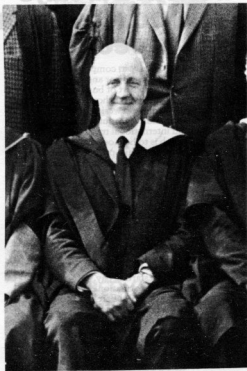

Our job is to help our customers invest, expand and make profits. Eventually, this will be your job. You'll have to know their business, as well as be a specialist in your own. (You'll certainly be given all the training you need.) How fast you progress is very much up to you—our new graded salaries structure means you're paid and promoted according to your ability, not your age.

To start with, you need at least four 'O' levels. But preferably, two or more 'A' levels, which apart from anything else will put you ahead on starting pay.

For more information either see your Careers Teacher or local Barclays Manager.

Or write to: The Local Directors,
Barclays Bank Limited, P.O. Box 44,
Arundel Tower, Portland Terrace,
Southampton, SO9 7DH.

EDITORIAL

Since writing the Editorial for the 250th Anniversary 'Lion' the ensuing year seems to have flown by. I then said 'by any standard, 250 years is a long time for a school to exist, and we go from strength to strength'. Since writing those words the axe has fallen and William Price's School will in all probability cease to exist in its present form as from 1974, and will become a Sixth Form College. No longer will the staff be able to watch the progress of the young new boys gradually change until they become young men preparing for Universities or for some other form of further education. No longer will a 'young entry' be coached in all the various Athletic activities to culminate in our really fine 1st Teams.

This last year has ended with excellent academic results including eight entries to Cambridge University one of which was a Retrospective Scholarship to Churchill College. I have no doubt that the quality of Academic achievements will be just as high when we are a Sixth Form College, but judging from the results of Grammar Schools turned 'College' the games will not be of the same high standard — even if team games are in fact played — as so many 6th Form entrants may not be athletically interested or may come from schools where games were a mere sideline.

At the end of this term Mr. T. Hilton retires after 37 years with Price's. Another chapter in the long list of dedicated staff is closed. At least one of his successors is an Old Pricean, Mr. J.D.Cole, so that we are sure that the old traditions are in good hands. But we cannot help thinking that things will not be quite the same. With the death of Mr. B.R.Shaw, yet another link with past days has been severed.

Nevertheless this momentous year will not be easily or readily forgotten by the present generation or the past. Floreat Pricetia!

We wish you all a very happy Christmas and a prosperous New Year.

T. HILTON, T.D., M.A. (CANTAB) 1944-1972

SCHOOL NOTES

Every year there are some changes in the staff. We say farewell to Mr. H.N.Ellis who came to the school in 1964 and who did such excellent work with the School Community Service in the town. We wish him a very happy retirement. Mr. J.P.C. Hobson has gone to Malta for three years in the Services Education Department, Mr. R.A.Sparkman has moved to Chester, Mr.S.J.Elton finished his year's temporary appointment, while Mr.Johnson was away, M. D.Heywang, the French assistant and Fraulein E.Spanier, the German assistant have returned to their own countries. We wish them all good fortune.

We welcome Mr. J.D. Collett as head of the Physics Department, Mr.E.Riedler, Modern Languages, Rev. A.R.Harcus and Rev. J.E.Hosier, Religious Instruction, Fraulein Dinter, German assistant and M. G.Gobet, French assistant.

There are however more portentous changes. Mr. T. Hilton, Deputy Headmaster, retires at the end of this term after 37 years at Price's. We wish him many years of happiness and good health — we shall greatly miss him. This is a 'school note', albeit a most important one; an article elsewhere in the magazine tells of his great services to the school.

I mentioned 'portentous changes': we await the change from an ancient Grammar School to a modern Sixth Form College. Two Deputy Headmasters have been appointed. Firstly, Mr. J.D. Cole, an Old Pricean and Secretary of the G.P's Association who has been with the school since 1956. We all know his dedication to Price's as Head of the Mathematics Department and his great interest in the games of the school. We offer our heartiest congratulations and wish him all success. His position as Head of the Mathematics Department has been taken over by Mr. A.T.Owens. Secondly, we welcome Mr. D. Feber, who joins us in January 1973. He comes from Iichen College where he was Head of the Languages Department. We hope that his time here will be happy and fruitful.

Rain, Blackout & Bomb scare! We did not set foot on the playing fields until after the Spring half term because of continuous rain! The power cuts caused by the strikes did not really affect us, but were always hanging over our heads. The bomb scare in the summer term luckily was only a 'scare', but we feel, should be recorded.

The summer term must also be remembered because the swimming gala was not held for the first time since the bath was built, as the water was too cold. All swimming matches were cancelled except one!

We offer our congratulations to Mr. T.W.Foster who has been appointed Master in charge of the Middle School. Previously he was head of the Modern Language Department, his place now being taken over by Mr.A.W. Openshaw.

Another new appointment has been made in the school, that of Audio/Visual Aids and General Resources Technician. This post is essential owing to the increasing number of technical instruments used in the school. Mr. W.R. Coulstock, who came here in February 1971 as Mr. P. Crossman's assistant now fills this post. His office-workshop is in the Stationery Store which some will remember as originally being Mrs. Pemberton's office! Mr. Coulstock retired from the Royal Navy as Chief Electrician in 1971. He served in two of Lord Mountbatten's Flagships, H.M.S. Liverpool and H.M.S. Glasgow and was always in charge of film shows for Lord and Lady Mountbatten and their guests.

The School music continues to flourish under Mr. C.R. Gilbert's expert direction. We particularly congratulate T.H. Bayliss for his piano and horn performances. In May at the Southampton Music Festival a trio comprising Bayliss, piano, N. Armstrong, violin and T. Cooper, cello, came first equal in its class. Armstrong won both classes that he entered for Violin Sonata playing, gaining 87% and 90%. He was commended for the high standard of his violin playing and was awarded the Ozier Bequest Prize for coming runner-up all told. We show a photograph, (by permission of the 'News') of T. Bayliss at the piano during a concert by the Fareham & Gosport Youth Orchestra in July at H.M.S. Collingwood. The 'News' reported that 'he gave a superb performance of the First Movement of Mozart's Piano concerto. He has gone to Royal Holloway College, London University, where we wish him all success and hope that he will come back and play for us again.

Finally we congratulate S.R. Whitby for gaining a junior music exhibition.

The school tennis is reported in full elsewhere, but we congratulate our senior six, who played in the Schools Lawn Tennis Association Gleanville Cup competition for the first time and came third in this area's group.

Unfortunately, we have not been able to reproduce any of the extremely good paintings from the Art Department as the paintings merely come out grey! But the Clarendon Galleries in Southsea organised a Painting Competition and Exhibition which attracted 140 pieces of work. In the 11-13 year group D. Rowe 2C, was first and T. Stokes 2D, second. In the 14-16 year group the first prize was shared between R. Futer 6scL, and T. Archer of Portsmouth G.S. R. Clarke 4A, was third. All the work from Price's was mentioned by the judges as being 'of an extremely high standard! The prizes were presented by Ray Poynter and the Art Editor of the 'News'. Our heartiest congratulations to the boys concerned and to Mr. Hiles and Mr. Nash.

We had hoped that Mr. J. Cadman, the Chief coach of the Hockey Association was going to come and give us a talk, but this had to be cancelled owing to his wife's death. We offer him our deepest sympathy. However, we hope he may be able to come before the end of this season's hockey. Mr. Cadman holds 14 England and 13 Great Britain Caps and was in the 1964 Tokyo Olympic Team.

We are deeply grateful for the assistance of Mr. R. Hawkes the Hampshire Hockey coach, and to Mr. T. Wagstagge, an old Pricean and Mr. A. Salmons, Captain of Fareham Hockey Club. We never seem to have enough umpires and their coaching is invaluable. Many of last year's 1st XI played for Fareham and we hope many more will do so.

M. Radford, Captain of the Under 13 XI Cricket team is to be congratulated on making top score of 17 in the 2nd innings of the Bishops Waltham President's XI v Bishops Waltham XI. The President's XI nevertheless lost by 2 wickets!

While on the subject of cricket we must note with great pride that our 1st XI has lost only one match for the third time in the last four years. As we have said at least seven of our hockey XI play for Fareham teams. At last 7 or 9 O.Ps or boys play cricket for Fareham's Sunday XI!

Congratulations to I. Corkett and S. Whitby who played for the Mayor of Gosport's Annual Charity Shield XI v the Superintendent of Fleetwoods XI. Corkett made 35 and took 3 wickets for 4 runs.

S.R. Whitby played for Hampshire County 2nd XI v Oxfordshire. For a boy still at school to play for a County XI we think must be a school record. He also played in all the Hants Under 19 Colts matches. An excellent season.

T.R. Morton is to be congratulated on receiving his colours for the Hants Schools under 15 XI and the West of England Under 15 XI.

S.T. Wilson and S.E. Tomkins became the S.E. Hants Doubles Badminton Champions. Both boys reached the semifinals of the Singles but met each other, Wilson being the winner. He lost in the finals to Purbrook G.S.

In the soccer world, great deeds were also done. The Under 12 XI won the Gosport & District Under 12 League, and the Under 14 XI won the U 14 League. The Under 12 'A' side also won the Gosport & District U 12 & a-side competition. What more can we want?

M.Kelly represented Hampshire in the Under 16 100 metres at the All England School's Championships in County Durham.

C.J.Tucker, by taking 8 wickets for 13 runs against Portsmouth Technical High School won a bat presented by Slazengers for the best bowling performance in Schools' Cricket during July. The facts and figures are all compiled by the Cricketer Magazine.

Our 1st XI Cricket Team, at the end of another very successful season went through to the Final of the Sarisbury Green Knapp Cup Knockout Competition. Playing Gosport Borough Cricket Club they lost, but our heartiest congratulations for such a good effort.

S. Smith, C. Merwood and J. Matthews were selected to play for the S.E. Hants under 15 Basketball side. C. Fricker and A. Marks played for the Under 14 side.

R. Long and S. Collyer played for the Hants Grammar School soccer XI.

We include a photo of an O.P., Junior L/C Leslie Thwaites (right) one of the gymnasts of the Junior Leaders' Regiment, Royal Corps of Transport, being introduced to Princess Anne when she visited the Camp at Taunton. Thwaites, 17, was runner-up in the army Junior Gymnastic championships.

We congratulate I. Attfield who gained his Cricket Umpire's Certificate this year. He has done valiant work for our 1st XI for the last two years scoring, keeping records and statistics. One again we have to thank his father Mr. A.W.Attfield for all his help with the Under 13 Cricket XI and with the Soccer teams. I do not know what we should do without him!

Our thanks are also due to Mr. M. Green for his help with the under 13 Cricket XI this year.

The Parent Teachers' Association once again has come to the aid of the Library. Their gift of £100 has enabled us to keep our heads above water. Without their help we should be in a hopeless position.

The school has copies of all School Magazines except for the years 1962 and 1966. If any O.P. has spare copies of these two years we would be very grateful if they would donate them.

We also have to thank the Parent Teachers Association for their gifts of £60 for a musical instrument for the school orchestra and for £15 to the Arts Department for Picture frames.

Our thanks are due to G.E. Sheridan who left this year to go to Australia with his family, for his gift of a Challenge cup for the best Fielder in the 1st XI. A.G.Smith was awarded the Trophy for 1972.

We also have to thank G.D.Walter for his presentation of a Chess Trophy for open competition. S.G. Newbury was awarded the trophy for 1972. Colours for Chess were awarded to Walter and Newbury.

Our Sailing Club under the captaincy of N.J.Groves has had a remarkably successful year for which we offer our congratulations. Full details appear elsewhere in the magazine.

The Hockey Club has had its most successful year in the school's history. Full details appear in the Hockey reports, but we must congratulate M. Harvey on his performances - how near he was to getting an England Schoolboy's Trial! Also we congratulate A.T.Spink on captaining the Hants Schools Under 15 XI. At the time of going to press he has been made Captain of the Under 16 Hants Schools XI. The Under 13 XI, unbeaten throughout the season, won the Under 13 Schools' Tournament - the first time any of our XI's has accomplished this. 'Prices' have appeared in 'Hockey Scene', the official Magazine of the Hockey Association and also had quite a 'spread' in the 'News'!

Our heartiest congratulations to A. Gover for obtaining an Open Prize Scholarship to Churchill College, Cambridge. Seven boys to join him at Cambridge this coming year - again a record.

Under the heading of 'school notes' there are very many 'offers of congratulations' to boys who have achieved successes in sports of some kind. We would like to offer very sincere congratulations and thanks to the members of the staff who give up so much of their spare time to coaching, refereeing, umpiring and helping with all the clubs and societies. The school is indeed lucky to have such dedicated masters.

In 1963 Mr. Wally Baker joined the school as a Laboratory Assistant. In 1966 the job of Groundsman being vacant, and as he preferred an outdoor life - being in fact a Horticulturist - he took on the job until 1971 when he retired. We wish him all health and happiness in his retirement.

It is with much sadness that we have to record the death of Mr.B.R. Shaw, Deputy Headmaster, who retired in 1963 after 38 years at Price's. An Obituary appears elsewhere in the magazine.

We offer our sincere apologies to Mr.H.E.Dean Cooper,O.P., for the regrettable printer's error in the 1971 Lion, in printing only half his article entitled 'Some Recollections of 1916'. We have included the full script in this issue.

We are delighted to receive Mr.H.R.Thacker's article on 'The Staff Room in War 1939-1945'. Mr. Thacker taught in the school from 1928 and was Head of the English Department when he retired in 1965. He has left Fareham and has gone to live in Dorset. I hope he can be persuaded to send us more of his memories of Price's for future issues.

Many congratulations to A.Scott for his outstanding Swimming performances. Full details appear elsewhere in this issue.

The R.A.F. branch of the C.C.F. is again to be congratulated on three boys being awarded Flying Scholarships - S.J.Collier, N.R.J.Diment and L.Fox. Eight more boys including Fox also obtained Gliding Certificates (Proficiency).

We were all deeply upset by the tragic and untimely death of Trevor Balchin on 5 December 1971 and we extend our sympathy to his parents and his brother Nigel. It was good to feel that his friends in the 8th Form wished to remember him by presenting to the school a fine collection of geological specimens housed in a magnificent display case made by S. Fripp, which is a permanent fixture of the Geography and Geological Department.

Report on Brian's first year with National Westminster

Brian joined us straight from school with 4 'O' levels. What decided him to go NatWest was the interview. "They talked my language" he says. Brian admits that his first fortnight was quite an eye-opener. "From being fairly senior at school I was suddenly the most junior person in the place". And the intricacies of bank procedures took a little time to fathom. But a talk with his sub-manager soon reassured him that he was appreciated.

Brian is now number 2 in the Accounting Section at his large branch. He has also attended a special three-week course in London. Brian has benefited from National Westminster's general upscaling in salaries. And has collected a merit rise, and birthday increase into the bargain.

Get the Whole Picture! One advertisement about one man's first year with NatWest can't give you the whole picture about your opportunities with us. But post this coupon for our brochure 'Your Career in Finance with National Westminster', or call in at your local branch. For your part we'd like to think you'll be able to show us some fairly impressive exam results.

To: Mr. T. Kirkley, National Westminster Bank Ltd., P.O. Box 297, Throgmorton Avenue, London EC2P 2ES.

A CAREER IN STORE FOR YOU WITH WOOLWORTH

Trainee Managers

Woolworth train you for success

Rapid Advancement is always open for the right type of man. Many opportunities exist for men of vision and determination, and remember, all promotions to executive personnel and management are made from within the organisation. This is a fixed company policy with real significance for you. Salaries at commencement range from £780 to £1,040 p.a. according to age. After completion of 3 months basic training which includes a 5 day course at the company's training school, salaries will range from £802 to £1,144 according to age and ability, salaries thereafter become progressive in accordance with proficiency.

Great opportunities exist for you

IF you are aged 18 and physically fit.

IF you are single, like change and are willing to be mobile.

IF you like meeting people and have a flair for administration and staff control.

IF you are keen, energetic and ambitious.

IF you have these qualifications and preferably, but not essentially, four passes at 'O' Level

Write for an interview, giving brief details of age and qualifications, or enquire for further details to:

T. HILTON, T.D., M.A. (CANTAB.) 1935-1972

Thirty-seven years — and a term! It does not seem so long ago that I was welcoming the new Chemistry master, perhaps more warmly than the others, if only because with his arrival I was relieved of the doubtful distinction of being "the New Master".

And that was the beginning of a happy and memorable association, not only for myself, but for the School and all the boys and Old Boys who in that long period have come into contact with Mr. Hilton.

It was clear from the start that here was what the journalists love to call a "forceful personality". Mr. Hilton seemed to have been born with strong views, no doubts and a pronounced tendency to express himself clearly. But to these first impressions it was soon obvious that much more must be added. Enthusiasm for his subject and an ability to transmit it to those he taught — in fact, enthusiasm for anything he undertook, not simply for the selfish pleasure of doing something well, rather to give as many boys as possible the opportunity of learning to do the things which he found rewarding and worthwhile.

So, a keen Soccer player and cricketer, he was soon busy training and encouraging, then taking over responsibility for the Colts while Mr. Shaw dealt with the 1st XI's. By this time of course everyone had long since decided that beneath the occasionally threatening exterior was nothing but kindness, strict fairness and unlimited encouragement for anyone who was prepared to work hard and play hard — at the right times. Those who would not, found him unrelenting, but still fair.

HAMPSHIRE

And with all this he had a lively sense of humour. Occasionally he might be suspected of indulging himself by exaggerating the gruffness of his approach. Large boys have been known to quake in their shoes at the awful sound of his voice - only to perspire with relief when they could see the twinkle in his eye.

He was no mean actor, in the days before the war when a small school turned to dramatic activity as one method of raising funds. Few escaped involvement. A stage had to be designed and constructed for rapid erection and dismantling each year in the Hall - now the library. Light and portable scenery must be made and painted; confident theorists and experimenters had to tinker with lighting circuits and back their theories by risking themselves in the first trials. When this activity became an accepted annual event, Mr. Hilton for many a long year appeared in the role of producer of a successful line of plays.

At the same time of course he was for many years, after the end of the war in 1945, the O.C. of a most successful and enthusiastic C.C.F.

Latterly, as Deputy Headmaster, he has been able to draw on all these years of work in and out of school, with all kinds of boys engaged in so many different activities, and, while giving help, guidance and a little plain speaking to the new boys in the 1st and 2nd years, make his most valuable contribution to the administration of the School, out of sight of all but a few of the boys whose interests he has always defended so fiercely.

We shall miss him, remember him with gratitude and affection, and hope to see him occasionally in the course of the long and happy retirement which we wish him.

T.W.F.

SOME RECOLLECTIONS OF 1916

I went to a private school called Brodick House School, Catisfield, but when this school had to give up owing to financial difficulties at Easter, 1916, I was sent to Price's. I can well remember at least four of the boys who came with me to Price's from Brodick House, namely two of the Swaffields, Dallaway, and Cross.

From my very early days I had a dread of heights and ladders, and I recall that at Brodick House gymnasium there were two high ladders. This gymnasium was under the direction of a fearsome gentleman called Sgt. Brace and I always dreaded his gym sessions and stern words of command, as well as his apparent intolerance towards indifferent performers like myself. When my mother took me to be interviewed by Mr. Bradley at Price's in the Easter Holidays of 1916 he presented my mother with a copy of the School Prospectus. I was horrified on scanning through the list of staff to read, "Physical Training Instructor - Sgt. W. Brace, late of the Inniskilling Fusiliers." It was with the greatest relief that I discovered there was no gymnasium at Price's or ladders to climb. The greatest obstacle I had to contend with was the scaling of the wall on the north side of the playground.

How well I remember the stentorian tones of Sgt. Brace as he gave the command, "Up agin the wall, ready," and his stern glances in my direction as he shouted, "Stop that skylarkin' abait." Years later, when as Head of the School it fell to my duty to visit all the forms during the afternoon in order to collect the names of absentees, I always enjoyed going out to the field to Sgt. Brace and his class and listening to his familiar words of command and remonstrance.

My earliest impressions of Price's are largely bound with the rigid rule and stern discipline maintained by some of the staff and to me at the age of 11 this was at times quite frightening. Notable in this connection was the late Mr. A.S. Gale of Sedbergh and Christ Church, who taught Chemistry and Geography. I always looked on him with awe and respect and when I incurred his displeasure I am quite sure I deserved it. As I look back, I cannot help thinking of those famous lines of Oliver Goldsmith:

"Well had the boding tremblers learned to trace
The day's disasters in his morning face."

The late Mr. Norton Palmer was no less strict in his command of his woodwork classes and he never did forgive me for my poor effort in trying to make a round ruler which finished round at one end and oval at the other. Any slight disturbance of the silence in his class was greeted with the remark, "I see trickery afoot," accompanied with a hearty clip round the ear with a ruler.

In direct contrast to the rule of Messrs. Gale and Palmer, I well remember the very different tactics of M. Henri Vincke, the French Master. When any of us overstepped the mark of good order, his remedy was to turn us out of the class and this was at times very useful as we could go into the lobby and do some of our Prep. He used to glare at his victim and say, "I cannot 'ave you 'ere, get outside." Sinclair and Henry used to indulge in a championship to see who could get turned out the greater number of times in a term and I believe Sinclair won with 29 times. However, I had one unique experience which those two could not share as on one occasion when I was in the corridor, M. Vincke came along and said, "I cannot 'ave you 'ere at all today," so that I did not even get as far as my desk.

Another Master I shall never forget is the late Mr. P. Pierrepont W. Meadows who taught English and History. To me Mr. Meadows was the greatest collector of all time; he collected cigarette cards, coins, match box labels, birds' eggs, stamps and no doubt many other items. He had a collection of more than 300 sets of cigarette cards and to him I owe the great interest I derived from collecting them. I still have 186 sets which I collected whilst at Price's and many were the occasions when I 'swopped' spare cards with Mr. Meadows.

To the last Mr. R. O. Johnston I owe a debt of gratitude as it was largely due to him that I went on from Price's to Keble and I believe I was the first member of Price's to obtain an honours degree at Oxford or Cambridge.

I shall always be grateful to the Staff of Price's for their fairness, their devotion to their duty, their discipline, and the example they set.

H.E. Dean Cooper. (1916 - 1922).

PLESSEY

Dynamics Components

The Plessey Company Limited is a British Company operating internationally. Its interests cover many areas of rapid growth and increasing potential, ranging over the broad fields of systems equipment and components for the telecommunications, electronics, automation, aerospace, hydraulic and related industries. More than 73,000 people are employed in 133 manufacturing and research establishments throughout the world. Of these almost 10% are actively engaged in research and development projects. The company is one of Britain's major exporters and is geared to rapid expansion. Individual prospects are limited only by ability and the energy and the enthusiasm to progress.

If you would like to know more about the Company and the training and careers we offer, please write to: The Manpower Manager, The Plessey Company Limited, Titchfield, Hants.

THE LIBRARY

Once again I can report that the Library has been in excellent hands during the past year. T. Hancock and his deputy T. Bayliss have continued the good work done by their predecessors. When Mr. Alderson retired and I took over from him I wondered how I should be able to keep up his standards, but with S. Eyles as Head Librarian then, we have never looked back.

We have to thank Mrs. Pemberton and her staff for starting the formidable task of typing all the cards in the Index File. When C. Bard was Head Librarian we decided to simplify the system of book positioning. We gave up the Cheltenham System, decided against the Dewey System and made our own. This is basically alphabetic as far as Subjects are concerned and the number of subsections has been reduced. Although we can hardly compare with The London Library of 250,000 books, it appears that they also have a very simple system, so that I feel that we are on the right lines!

Every year I moan about the rising cost of books. Without the help of the Parent Teacher Association we should be in really serious trouble. Our heartfelt thanks go to the Association for their gift of £100 this year.

We hope to have a new clock this year! The team photographs are gradually filling the spaces on the walls. They should be of considerable interest in the future.

The Librarians for the year were: T. Hancock, Head Librarian; T. Bayliss, Dep. Head Librarian; D. Salvidge, D. Hicks, C. Pigney, R.J. Mortimer, J.C. Lamont, M.R. Page, M. Lawes, I. Attfield, S. Fripp, A. Hill, N. Groves, P. Hancock.

Many books have been presented by Staff and boys including Mr. G. Smith, T. Hancock, R.J. Mortimer, C. Tregellis, G. Walter, K. Bundell, S. Fripp, C. Matthews, C. Law, N. Bishop, R. McDowell, Mr. and Mrs. Balchin presented a series of books 'The New Illustrated Library of Science & Invention' in memory of their son Trevor.

Again our thanks.

E.H.F.G.

THE STAFF ROOM IN WAR

In the war of 1914-1918 boys' grammar schools were, broadly speaking, in a state of chaos. The demands of the forces for manpower meant that, in many places, the Headmaster was left to cope, assisted by a miscellaneous rabble of the aged, the unfit and some brave women, now coping on the home front, for the first time, more or less on an equality with men. Price's, as it happened, fared much better than most. In any case, the mistake was not repeated in 1939-1945. Apart from the Headmaster, Johnston and Shaddock were in full vigour and Shaw, Garton and myself, although of military age, were old enough to be exempt as of a 'reserved occupation,' although all of us, from before the war, had volunteered for the Warden's branch of A.R.P. (Years before, I might remind youthful addicts of 'Dad's Army,' the Home Guard was ever thought of). Moreover, Fareham was a 'neutral' area; we were neither evacuated nor did we receive refugees. We just carried on as best we could and I must say I think we did very well.

So although when the School assembled in September 1939 Garrett, Hilton, Brown, Foster and Hollingworth appeared no more, there was a bunch

of old-timers. Moreover, Howard-Jones made a brief first appearance and Royds-Jones was soon with us, to stay throughout the war and for long after. Marsh, lame but indomitable, made a memorable contribution too. Jock Lockhart, the greatest of Art Masters, continued to come over from Petersfield until the County authorities, in a fit of megalomania, queried his qualifications. The result was that Jock transferred first to Bristol and afterwards to Portsmouth while we were joined by a moron who wrote out his timetable in Greek letters in the fond belief that nobody else would be able to read it. I don't think it occurred to him that nobody would want to read it anyway.

Soon, however, we crossed the great divide and women appeared in the Staff Room, not fleeing spies but in battalions, though certainly not sorrows. "I'm in des-PAIR!" Ruth Sims would say, her eyes gleaming with joy, as she banged a pile of books down on the Staff Room table. "When we had women in the Staff Room," said Shaddock with mock pathos, "we thought we should have to be careful of what we said; but now we have to be careful of what we hear." Of those who stayed only for a short time some found discipline difficult, but no more than some of the men; and none of them was to be compared with the character whom Shaw, with his customary charity, called "the Rattlesnake."

The Chemistry Laboratory, whose roof, under previous tenants, had occasionally reverberated to explosions of wrath, was ruled serenely by Miss Kinnear, whom a naval officer who won fame at Narvik, transformed into Mrs. Stanning. The English Master was assisted first by Mrs. Hayes, who only just topped five feet but who knew how to deal with boys; whatever their size or quantity. Then, when her maternal interests called imperatively, she was succeeded by Ruth Mullens, a fine teacher and a lifelong friend. It was she and her inseparable, the other Ruth, soon to be Mrs. Shepherd, whom Shaddock had chiefly in mind when he made his remark. Miss Harcourt was a most conscientious teacher of Scripture and marked so conscientiously that she resorted to half marks. As she had the greatest difficulty even in adding whole numbers, her plight at the end of term was piteous. However, her method of marking had the unforeseen consequence of making Scripture a most important subject when it came to Final Orders. Top boy in English got, maybe, 60 or 70. Top boy in Scripture would have, more likely, 98.

On the whole, we got on very happily. Mr. Ashton had a lot to do with this. Like my own great Headmaster when I was a boy at Dover, he moved around and got to know everyone. How much he knew about the school always astonished me. Consequently he was seldom taken by surprise and was usually to be found at the right spot at the right time. Mrs. Ashton, a lady sans peur et sans reproche, was a source of encouragement to everyone. In the war years, as Mr. Taylor remarks, England, for the first and perhaps the last time, was a democratic society. When a policeman came round to ask people to lock their doors at night the war was over. Even Gale, in his retirement, composed his thirty year feud with Johnston.

So our quarrels were soon composed. An attempt to have works by Bertrand Russell removed from the Library was dealt with firmly by Mr. Ashton without the need for the Librarian to perform any deeds of valour. Only twice have I seen B.R.S. almost, but not quite, speechless with fury and the more remarkable occasion occurred in these years. At the end of one term Ruth Shepherd and Ruth Mullens conceived the admirable idea of tidying up the Staff Room and set about the task in the spirit of Herakles dealing with the Augean stables. Order began to emerge from chaos; the pair

looked at their work and saw that it was good - so far as it went. Two shelves the most chaotic and Augean of all, remained untouched. For a while they considered the matter and then went over to the attack with the determination of the Eighth Army at El Alamein. By the time Shaw arrived on the scene his shelves were neat, tidy and unrecognizable. He became a misogynist for at least two hours.

This was almost but not quite, Ruth Shepherd's swan song. That was delivered after she had left and had become a mother. Revisiting the Staff Room just before emigrating to Australia, she gave a minute by minute account of her accouchement. Even Shaddock listened enthralled. It was a masterpiece of narrative art. However, Mrs. Longworth, the wife of a naval officer at Collingwood, arrived to take her place, so there was no flagging in the School's enthusiasm for its French lessons. Her Christian name was Amelia, which she shortened to Li, as she and everyone else realised that her god-parents had made a mistake. Mr. Longworth, an admirable cricketer (Lancashire 2nd XI and Lancashire League), had an equally high spirit and when one faced them, still more when they faced one another, on a tennis court, one realised what Yorkshire have to contend with on a Bank Holiday at Old Trafford.

I shall never forget the Rev. E.G. Braham whose view of life, oddly enough, made him more congenial to me than to Miss Harcourt. He had been distinguished as an R.A.F. pilot in the First World War as his son was in the Second. He was an author, a theologian, an examiner for London University degrees and he had an immense zest for life. He had left the Congregational Church for the Anglican and at this time was Vicar of Newtown. I asked him once why he had not become a Catholic, "After all, the most these people can do for you is to make you an Archbishop." He looked gloomy for a moment and then a cheerful smile broke through. He slapped me on the back and said, "Married, old boy, married!" He left us soon after the war ended, full of vigour, and it was a bitter shock when he died a few years later. He was a wonderful fellow to disagree with.

One day, going to my form, late as usual, I came across a lady, who only lasted one term, weeping in the corridor and nerving herself to face her class. I sallied into her room and made the best speech I ever made in my life. It only lasted about two minutes but, I tell you the truth, it was superb. I gave that class my opinion of its origins, its present condition and its predictable future. Then suddenly I realised that I could not maintain that level for another sentence, so I marched out as precipitately as I had entered. When she left she thanked me and said I had given her peace for almost a week. I still feel proud when I think of that.

Which provides an admirable precedent for shutting up now.

H.R.T.

MUSIC IN THE SCHOOL

Since the publication of the last report, the school's musical activities have continued in strength, despite the many setbacks the Music Department has suffered.

For the last year, there has been no violin teacher sent to the school by the education authorities, so Mr. Gilbert and N. Armstrong have taken over the task, and have kept a spark of interest in the violin going! This situation has now been remedied, and we are pleased to welcome Miss Gibson to the peripatetic staff.

The School Orchestra has grown in numbers this year, and we now have an attendance of about thirty young musicians. The Orchestra now meets twice a week, on Monday and Tuesday afternoons. (At this point I should like to make an appeal on behalf of the String section of the orchestra. We are very short of violinists, and would like anyone who is interested in learning this instrument to see Miss Gibson, or Mr. Gilbert.)

We are also pleased to have Mrs. Evans and Mr. Price, return to us, teaching woodwind and brass instruments respectively.

The School is represented in the County Youth Orchestra this year by three pupils, namely I. Borthwick (Violin), N. Armstrong (Viola), and P. Cooper (Double Bass).

The two choirs of the school gave a fine concert of Carols at the end of the Winter Term last year, and the choirs meet after school on Wednesdays, the Senior Choir being under the worthy baton of Mr. Gilbert, and the Junior Choir directed by Mrs. Buckley.

An Exhibition award at "Junior" level was won by S. Whitby, for piano and 'cello playing.

Mr. Gilbert, having connections with the School's C.C.F. has formed a C.C.F. band, consisting of bugles, fives and drums, and with the appropriate training, is becoming a well-ordered and useful part of the Combined Cadet Force.

At this present moment in time, there is talk of a Festival of the Arts to be held in the School, and with sufficient support this event can be made a great success for the School, and all its members.

N.G. Armstrong. 6 ALI.

COMMUNITY SERVICE

At the end of the Summer Term, the Community Service group within the school was dealt two rather hefty blows. The first was the departure of Mr. Ellis, who took over the reins when Mr. Hibberd left. We are all very sorry to see him leave, for his successors will have a difficult task to run the section.

The second blow was the exemption of C.C.F. from the Lower Sixth curriculum. In former years Community Service came as a welcome alternative to those cadets who had passed their Proficiency Examination, and yet did not wish to remain in the conventional Corps.

Nevertheless, the outlook for the future is not completely bleak. Two new members of staff, Mr. Marcus and Mr. Hosier have taken over control, and an informal liaison has been established with Fareham Youth Action for Community Service, who co-ordinate work of this kind in the Fareham area. However, the Section wishes to keep its identity as a product of Price's School, and in order to do so, it must have volunteers from within the school. The onus is now on the pupils to continue the good reputation the school has in this field.

P. Russell. 6 AU.

THE CHRISTIAN UNION

The year 1971 - 72 has been a very successful one for the Christian Union. This success has been due mainly to the work of last year's committee, and in particular, the secretary, D. Couchman.

The meetings have varied greatly, usually taking the form either of a discussion or a relevant talk by a guest speaker. This year the emphasis has been on discussions, covering such topics as; the Occult, What is a Christian?, and the Jesus Revolution. Our speakers have included the Rev. Simon Burrows (on Christianity in a post-Christian society), Mr. W.Galyer (on his work in the Open Air Mission), and Mr. Colin Holmes.

We would like to extend our thanks to Mr. Glynn-Howell, whose support and encouragement has been much appreciated.

We welcome to the Christian Union Messrs. Hosier and Marcus.

The Christian Union meets in Room 36 after school on Wednesdays; we welcome to our meetings anyone who is interested in Christianity.

P.Hancock. M.Lloyd. J. Ayrton.

COMPUTER GROUP

This year interest is keen in the Computer Science Group. Mr. Cole continues to take the group which consists of some twenty Lower Sixth Formers.

We continue to use the I.B.M. M.1130 computer at Southampton College of Technology. We are fortunate this year in having a greater opportunity to use the computer; evenings are to be arranged exclusively for 'Price's School.' This is far better than the old system whereby programmes were sent to the College, the students having little contact with the computer itself.

Despite the small group, last year a programme based on 'Mathematical and Physical Formulae' was entered for the I.B.M. Schools Computer Competition. The standard was high, there being some very interesting topics, including an Astronomy project (which incidentally won), a Machine Tool Cutting programme and a Calorie Control project for the slimmers!

We look forward to another year of computing and, with interest aroused as it so obviously is, to winning the I.B.M. Trophy next year for the second time.

P.M.J.Timms.

2ND FORM TRIP TO TAN TROED

Fifty five boys in company with Mr. Hiles, Mr. Stevens and Mr. Newman spent a week at the Tan Troed Adventure Centre in the last week of the Summer Term. The centre is situated in the Brecon Beacons adjacent to Lake Llangorse in most beautiful countryside. Accommodation was in tents, breakfast and the evening meal being taken in a more permanent wooden building. A similar building also housed a coffee bar and shop and games room with Juke Box.

The activities of the week included two days at the sailing centre on the Lake in Wayfarer, Turtle and Tom Thumb craft and quite a number of boys proved sufficiently proficient to sail their own boat single handed. The idea of a day walking in the hills was not a popular one but once completed appeared to have been enjoyed by all.

Wednesday was spent pony trekking and proved to be hilarious. The ponies knew the way rather better than the riders, producing situations which make Thirwell's cartoons look rather more like fact than fiction and which were no less amusing.

The last two days spent in canoeing on the River Wye were much enjoyed, capsize drill and changing canoes in mid-stream providing an added degree of interest and amusement.

Evening activities included film shows, rounders, tug-of-war against the French boys in the next camp village, and, most popular of all, the discotheque at Llangorse and at the Canoe centre.

Everyone appeared to enjoy themselves and we hope that it may be possible to organise a similar trip in the coming year.

(Compiled from the notes of M. Holliday. 3B)

BIOLOGY FIELD TRIP 1972

The 1972 6th Form Biology Field Trip began on the 17th July. The group stayed at the Bryn Gwynant Youth Hostel, near Beddgelert, North Wales.

The purpose of the trip was to study the various ecological niches and nodes of succession in the area. These studies provided an interesting contrast to the ecology of the Hampshire area.

The group of 14 was divided into two for the purpose of investigations. One party studying the plant and animal life of Llyn Edno (2,000ft.) and the other that of Llyn Llgi (1,600ft.) This involved a great deal of hard climbing and frequent stops for cool beverages were in order. Only Simpson and Mr. Hedley appeared to enjoy the climbing, with Simpson inevitably arriving at the destination first.

By the end of the week the frequent climbing trips became less exhausting, but still hard work.

A more relaxing day was spent studying succession in an open community near the shores of Llyn Gwynant, and taking both transects of the deciduous vegetation and plant life on a steep slope facing the lake. Despite being bitten many times by the numerous flies, this provided an interesting and less tiring exercise.

The 'day off' was spent climbing 'The Glyders,' a 3760ft. mountain. The climb was made in heavy rain and thick fog and shouts of "only 500ft. to go" by Mr. Hedley and Mr. Smith occurred every five minutes, leading to much dispondency amongst the gallant climbers. Although the mountain was blanketed in fog the view when the fog cleared occasionally was breathtaking. Although most members of the party were content to go down by the route they came up, Mr. Hedley decided to find an alternative route, which was eventually found after much walking over desolate mountain tops.

Apart from the last day, the weather was surprisingly warm all week.

The evenings were spent recovering from the days climbing. Female company was sparse and constant card games were the only source of consolation.

The coach journey home, although long, was full of incident, and the coach arrived back at the school early Sunday evening.

So, at the end of another field trip, the only question remaining unanswered is "Where does Mr. Hedley get his seemingly inexhaustable supply of energy?"

C. Nash, 6 Science Upper 2.

SENIOR SOCCER REPORT

It is a well-known saying in football that results count. With this in mind, what can one find to say about a squad whose first team managed only three wins in 21 matches? Were those non-playing sixth-formers indeed justified, who said that Chris Tucker wrote the match reports only because his mind alone could produce a different excuse for every defeat? I think not.

This year the squad contained several fifth-form boys new to senior football, and besides most of the sixth form boys were inexperienced at first team level. The main reason for this was the great success of the 1970-71 team, which naturally changed very little. Only four of this year's squad played regularly in it.

So in this year's team, the accent was on experiment. There were, fortunately, several many talented young players available, and also upper-sixth players who had been regular members of last year's second XI. In all, approximately 25 players were regularly available for training and for matches.

Results over the first half of the season reflected the first team's struggle to find the right blend, while the second team's older players worked extremely well with the newcomers to the squad, remaining undefeated until December. Here special mention must be made of John Fairbairn and Martin Rutland who worked together extremely well, the latter scoring goals with an abandon that belied his apparent awkward style. The first team's inconsistency and bad luck was alleviated only by a superb 5-1 away win over Peter Symonds, (who had beaten the previous year's team). They also drew several matches which they might have won, had they been a little more experienced. Against Havant, however, they disgraced themselves for perhaps the only time in the season. The collective apathy against an extremely poor side nearly led to defeat. But they recovered and thrashed Southern Grammar 5-0 away, despite losing two key players, one through injury. The other, a striker, missed the coach, because he apparently preferred to boost his meagre tally of goals by playing for the second team! He did manage eight in the match, which was just enough to appease the manager's wrath. However, this performance has been improved upon by the player in question, Robert Seath. His form in the latter half of the season was inspiring and highly skilful, and I at least, feel that he is a much better player than he thinks.

The second XI continued to be successful in the new year, and the few defeats could be attributed to their occasional loss of players to the first

team. A third XI was introduced, playing against under-16 opposition mostly, and succeeding almost always. This team's season culminated in a 3-1 win over the staff, where the first eleven captain, playing as a guest, demonstrated how centre-halves do not make good centre-forwards. (Although it has been said he played badly solely to cure the illusions cherished by next year's centre-half, whose goal-fever is legendary in the squad).

Younger players improve through the season, and a few gained invaluable experience of first eleven football. I expect the standard of play to be very high next season. Indeed, in the two seasons of Mr. Payne's reign, the school has attained a reputation for hard but skilful football. There has been a determination and willingness for involvement with the team, that has not always characterised Pricean football. An integrated squad of thirty-five players, who all train together regularly, has not only improved fitness, it has also resulted, I think in a greater harmony between players, so that the fifth-former, is no stranger to the upper-sixth player and has as much chance of consideration for a first team place. In this respect, I must personally thank those senior members of the squad, who consciously or not, have all helped me greatly in my role as captain. Where we have failed, Steven Collyer will have taken note. He will combine much good sense with his already considerable playing ability, in leading Price's football next season.

In acknowledging the honest efforts of all the players with whom I have come into contact, (I'm happy it wasn't physical in some cases), I must also thank those members of the squad, who by their colour, and amiable eccentricities, have often lightened the gloom which came after defeat. I have enjoyed being a member of a closely-knit group of people who were prepared to help each other enjoy their time together. I even forgive the lower-sixth boys in the first eleven, who kept me waiting so long after matches, while they showered and made-up. Our annoyance disappeared when their sweet fragrance permeated the hot coach, enhancing the journey home. If they are invited back anywhere to play next year, I expect them to win. They will probably be so good, that only the Old Priceans should beat them!

I owe much to two people particularly. To Chris Williams I extend the gratitude of the school's entire football contingent. His organising and refereeing were invaluable, and to Mr. Payne, to whom I owe so much personally, I can only say that he has put Pricean football on a new level. It now has its own standards to maintain. Indeed one side has been able to match the best of our football, not just in this season, but also 1970/71. That side is Taunton's who have always troubled Price's. They are older, and always seem to be bigger. But next season will, I think, be the end of their rule, and, hopefully, the first institution of ours.

R.P. Long. Captain.

1ST XI - CRITIQUE

Long. Centre back and this year the captain of the side. He is a strong player who is exceptionally good in the air, but had the misfortune to damage his ankle while playing for Hampshire. In his captaincy he has set a good example to the rest of the team.

Collyer. This year Steve has been converted from full back to midfield and has filled the position exceptionally well. He also suffered from injury, in the same Hampshire game as his captain. A hard running, determined player with fine individual skills. Has been appointed captain for 1972/73.

Sparkes. A courageous goalkeeper who has shown consistently good form throughout the season. At times has made very difficult saves look very simple.

Draper. A wholehearted player who finally settled down at full back for the side. Always willing to attack he provided, on many occasions, an extra forward. Very strong in the tackle, he always gives maximum effort.

Hartley. Cultured centre back, who although still young has formed a fine partnership with Richard Long. Skilful and quick thinking, he has matured into a most consistent performer and can look forward to next season with great confidence.

Sayer. A utility player who played most of his games in the full back position. Very skilful, he has great ability to read the game and improvise on situations in which he finds himself.

Long. Another player who has played in several positions, having to fill in for his brother on several occasions at centre half. However, his best games were probably played in midfield. A determined worker who served the side well.

Westmore. An explosive midfield player who when playing on the top of his form was able to completely dominate any game. Will have benefited from his year at the most senior level and should be an outstanding player next year.

Seath. A skilful, hard running player who is able, when necessary to resort to basic skills to get himself out of trouble. Another player who has played in several positions with great success finally settling as a striker.

Tucker. Leading goalscorer this season with eleven goals. Skilful player who has consistent form, a hard shot with either foot, and also good in the air.

South. Perpetual motion player who never stops working, and this is an asset to any side. Played his games in both wing positions and turned in many fine performances. He will be a vital player to the side next year.

Fairbairn. Steady midfield player, who is strong in the tackle and dangerous in front of goal when given the opportunity. A player who has the ability to control the pace of any game he is in.

Smith, R. Fast running striker with a fierce shot in either foot. Likes to run at defence and take players on. Also played for the side in midfield positions.

UNDER 15 SOCCER REPORT

Match Record - Played 12 Won 5 Drawn 2 Lost 5 Goals: for 32 Against 35

The Under-15 side this year proved to be a very keen and enthusiastic, if not a tremendously talented team, and they improved steadily as the season progressed, gaining in confidence all the time. At first, it was a case of eleven individuals striving their hardest to put together passes and moves, with the attack and the defence two very disparate halves, and not surprisingly they suffered three heavy defeats early on, but gradually the frequent practices began to pay dividends; the basic skills of the game, such as passing, dribbling and running off the ball, improved no end, and the players settled down to play as a team so well that they were undefeated in the second half of the season. This improvement is best exemplified in the results of the matches with Peter Symonds, when a 6-1 defeat in October was in the return game, the last match of the season, turned into a very creditable 3-3 draw.

Goddard set a fine example as captain by the amount of running and effort which he put into his game: he will make a good player because, besides his ability both in the air and on the ground, he never knows when he is beaten. Newton and Bloomfield, as strikers, were also always full of running, although they sometimes lacked sufficient support from the midfield, while M. Smith on the right-wing was a constant danger: his centring and shooting improved continuously, but he still needs to learn greater ball control. He and Marshall were the team's top scorers with seven goals each, the former scoring a late winner in a very exciting 5-4 victory at Brockenhurst. In midfield, Marshall and Head were an effective combination, although eventually field, Marshall and Head were an effective combination, although they both lacked a bit of speed, and it was here that Justice eventually found his ideal position, and finally learnt to resist the temptation to wander all over the field after the ball.

The back four was on the whole a reliable line, especially the centre-backs: Merwood, a very good header of the ball, could always be relied upon to distribute the ball intelligently, and also found time to score a couple of goals, while Cooper was very solid, and had a knack of being in the right place at the right time. Cowan at right-back made very few mistakes, and on the other flank White gave his winger as little room as possible. Behind them, the green jersey was shared by Jarman and S. Smith, both of whom performed adequately, although they could both have done with more inches.

M.A.L.

UNDER 14 SOCCER SQUAD

Photograph by Lawrence & Sons Ltd., Gosport.

UNDER 14 SOCCER REPORT

The policy for the season was twofold: the strongest available team contested the schools' league and as many useful players as possible were played in the "friendly" fixtures, and, as a consequence, 33 boys represented this squad in all matches.

If success is measured by results then this must only be accounted a moderate season, for although the "A" side won the league:

P 10	W 8	D 1	L 1	F 40	A 9
------	-----	-----	-----	------	-----

they were eliminated by Brune Park in the first round of the Cup by 5 goals to 3 after an epic 7-7 draw on their ground.

The results of the "B" team were as mixed as the teams fielded:

P 9	W 3	D 1	L 5	F 20	A 29
-----	-----	-----	-----	------	------

but a notable display was the 10 man team that only went down 1-0 to Peter Symonds.

In the league "sixes" both sides met in the second round and this titanic struggle (probably one of the better games of the tournament) resulted in the very competitive "B" side defeating the "A" side.

Team: Fenner, Homer, Maidment, Byrne, Pickering, Corbin

However, in the semi-finals they were eliminated by a difference of one corner.

It is difficult among such a large squad to single out individuals for special mention, but MacAdam and Marks deserve thanks for organising the "A" side, while Byrne and Corbin did sterling work for the "B" side. Cogan showed dramatic improvement through the season and represented the U-15 side, while Pickering and Maidment (2nd year) adapted very well.

J.H.J.

UNDER 13 SOCCER REPORT

This must be accounted a good season for the Under-13 Soccer team. Certainly they improved on their performances of the previous year when they were the Under-12 team, and also continued to improve as the season progressed.

While lacking any outstanding natural players, several of the team developed into good competitive team men, Maidment, the Captain, was a constant tower of strength and determination in defence, and Pigeon, who seemed to be quite tireless, usually managed to cause havoc among the opposition. The main problem was goalkeeping. Pickering was quite satisfactory but was often unavailable and there seemed to be no even moderately competent alternative.

If this weakness could be cured and a thinking, constructive player found or developed, the team should develop into quite a formidable unit in future years.

M.G.J.

UNDER 12 SOCCER REPORT

This team must surely have been one of the finest Under-12 sides that the school has ever produced. From the onset of the first match of the season against Brune Park to the final match against Gosport Grammar School in the Six-a-Side Cup Final, the team showed determination, skill and knowledge of the game, which resulted in their becoming league champions and cup winners.

Out of the ten league matches only one was drawn, the remainder were all resounding victories. A similar pattern was evident from the 'friendly' matches which were played, only Peter Symonds could hold the team to a draw. At the close of the season the boys had played nineteen matches, seventeen of which were in their favour, two only were drawn.

To every team mishap plays its part. In the "Gosport and Fareham District Schools Cup", the boys had their first and last taste of defeat, when in the semi-final, they were beaten by a Bishopfield side, who, the week before we had beaten in the league 7-0. The result of this semi-final inevitably led to much discussion and lost tempers!

Mention must be made of three outstanding young players in this side - Michael Keaton, Vincent Glavin and Wayne Pratt. Michael Keaton, who captained the side for much of the season, is a true leader. His foresight and accurate passing went a very long way to contributing to the team's success. Wayne Pratt, whose mid-field work constantly presented problems to the opposition, and Vincent Glavin, with his lethal finishing in front of goal, are two players who have brought much pleasure to those spectators lucky enough to have seen this dynamic side.

I feel I must take this opportunity of expressing my feelings of appreciation to all those parents of the boys who unfailingly turned up to matches to give their support to the side, support for which I am deeply grateful.

I am confident that in the coming season the boys will carry on in the manner which they left off - victorious.

Team: Baynham, Powell, Batchelor, Daniels, Lewis, Smith, Pratt, Long, Shaw, Keaton (Capt.), Glavin (Vice-Capt.), Anderson.

D.G.K.

HOCKEY 1971/72

This season has been the most successful that we can remember, certainly for the last eight years when we have fielded five XIs. Seventy eight matches were arranged, but in the Easter Term, owing to continuous rain, we did not set foot on the grounds for either Hockey (or Soccer) until after half-term. This resulted in 23 matches having to be cancelled. Nevertheless as the match summary shows, we only lost 9 out of 65 matches played and we scored five times as many goals as we conceded. The Under-13 XI scored 8 goals in the Hants Schools Tournament, which they won, the Under-15 scored 8 and the Under-14 scored 9, both teams reaching the semi-finals. This brings the total of goals scored to 285.

Michael Harvey is to be congratulated on his leadership of the 1st XI. He was rated 4th at the Crystal Palace Seniors' Trials and was nominated

for an England Schoolboys' Trial, but was unlucky not to be picked. The opposition at full back was extremely strong! Nevertheless he has his Hants Schools' County tie, played for the Hants Schools' South West XI, played for Hampshire Under-22 XI and for Fareham 1st XI. G. Sheridan played for the H.S. 2nd XI and D. Baker would certainly have played had he not broken two fingers.

A. Spink captained the H.S. Under-15 XI and Grainger and Matthews also played for the XI, six other boys being given trials. The school Under-15 XI, and Under-14 XI both lost only 1 match each. The Under-13 XI, who won the "Best Team Cup" did not lose a match - a magnificent record.

These results could not have been achieved without the great help and encouragement given by the masters in charge of the elevens - Mr. Elliott (1st XI and 2nd XI), Mr. Bowler (Under-15 XI), Mr. Hill (Under-14 XI) and Mr. Hiles (Under-13 XI). The Hockey Club is indeed very lucky to have such support.

The season ended with a very successful inter-house 6-a-side competition, followed the same evening with the third annual Hockey Club Dinner, at which each member of the Under-13 XI was presented with a miniature Hockey stick given by Mrs. B.J. Gros. Mrs. Gros has offered to present these sticks to any team unbeaten/and or Tournament winners in the future.

The future of the School Hockey is brighter than ever and a great deal of the credit for this season must go to the groundsmen Mr. Palmer and Mr. Baker for the excellent pitches that they have provided.

E.H.F.G.

TOTAL INCLUDING TOURNAMENTS 285

1st XI HOCKEY 1971/72

Matches played 19 Won 14 Lost 3 Drawn 2 Goals for 66 Against 18

This year the 1st XI has achieved far more success than in recent seasons, thanks mainly to the efforts of our patient coach and umpire Mr. Elliott.

We started the season unluckily losing to Taunton's 2-1 after having most of the play; but then went from strength to strength stretching for an unbeaten run of 10 games, including the overrunning of Purbrook 14-0.

Unfortunately 1972 began with serious injuries to Baker and Harvey and many other minor ones, and illnesses to Morley, Sheridan and P. Whitby. The team played several games with drastic changes to the team, notably Tauntons, Peter Symond's and Barton Peveril and inevitably we lost two of these games. However, the replacements grafted into the side performed most efficiently, resulting in wins over Barton Peveril, King Alfred's College, and RAMC, Netley. In this period Hackmann and Cawte were outstanding in the absence of a usually powerful midfield trio. At this time also we lost the services of the Hants. U.22 player Mr. P. Withers, a qualified coach who moved to work in London; and the restriction of the practices to the gymnasium made the position worse.

The first XI squad was composed of a core of regular players and several reserves who formed the backbone of the 2nd XI captained by M. Seeley, which this year was relatively strong, providing some competition for 1st XI places, previously unheard of at Price's. The core was composed of Law, P. Whitby, Cawte, Sheridan, Harvey, Hackman, Noyce, Bradford, Morley, S. Whitby, Baker and later Corkett. I think that the success of the team was generated by a powerful midfield and defence, which was able to keep tremendous pressure on other team's defences. The three inside forwards were quick to convert mistakes into goals. Perhaps another reason was the physical strength of all the players together with a ruthless approach to the game, which many teams lacked, undoubtedly gained from club hockey.

Valuable experience was gained from Fareham Hockey Club by several senior members: Whitby, P. and Gilbert representing the 4ths; Hackman the 2nds; and Baker, Sheridan, and Harvey the 1sts. I would like to thank Mr. Wagstaffe and Mr. Salmons for their advice and encouragement to us, and hope they will do the same for next year's contingent.

More players gained representative honours this season: Harvey was selected for Hants School's 1st XI at Weybridge and South West Schools at Loughborough and Weybridge; and Sheridan and Baker for the Hants School's 2nd although an injured finger prevented Baker from attending.

The 3rd Annual Dinner was a great success this year, during which Stephen Cawte was presented with the Johnson Stick for his services at left back and as Press Secretary.

M. Harvey.

1ST XI HOCKEY CRITIQUE

- *Law. Kept goal efficiently, and his confidence in committing himself against an attacking forward increased as the season progressed, and his kicking improved considerably. He saved many difficult situations during the season.
- *Whitby, P. Played well at full back, stopping, tackling and distributing the ball well, and provided a sound defence.
- *Cawte. Combined with Whitby at full back with a good sense of position and his excellent stopping, tackling and well timed clearances contributed much to the success of the defence.
- *Sheridan. (V/Capt.) Contributed much to the success of the side this year, in his position at half-back, and deputised well at centre-half when Harvey was injured, forming a strong link between the defence and the attack aided by excellent stick work and control of the ball.
- *Harvey. (Capt.) Was the pivot of the side this year, with skilful stickwork firm tackling, and intelligent distribution of the ball, he attained a command of the midfield which was rarely challenged. His injury came at a time that was unfortunate for the team, as it coincided with some of the more difficult fixtures, and disappointing for Harvey as it interrupted some representative games.
- *Hackmann. Was the third member of the half back trio, which accounted for much of the team's success. In a quiet way he defended well and set up many of the attacks especially on the left flank, and a good positional sense helped in the efficient way he played throughout the season.
- Noyce. Played for the first team throughout the season on the right wing and acquitted himself well. Although at times his stopping and control of the ball was a little uncertain.
- *Bradford. Improved his stickwork and control of the ball as the season progressed at inside forward, and scored some good goals as a result.
- *Morley. Played well in the centre of the attack, and developed a hard shot, and followed up well and scored many goals as a result.
- *Baker. Was the springboard of the attack on the left wing, where speed and individual skill was a major problem for the opposition at all times, and he provided the rest of the forwards with many of their scoring chances. His injury deprived the team of a major attacking force in a crucial part of the season.
- *Whitby, S. Played with lots of dash at inside forward and scored some excellent goals with a firm shot combined with a high backlift which worried the opposition and some umpires alike. With the development of closer control, and avoiding a tendency to overrun the ball he should be one of the mainsprings of next year's attack.
- Gilbert. Played a number of games for the first team usually at half back, where his stopping of the ball was occasionally not too reliable; but once in possession he cleared and distributed the ball well.

Corkett. Played a number of games for the first team especially towards the end of the season, where his stickwork combined with a firm shot provided the opposition with many problems.

UNDER 15 XI 1971/72

Played 12 Won 10 Lost 1 Drawn 0 Goals : For 48 Against 11

Chief Goal Scorers: Blakely 16 Dean 13 Spink and Grainger 7.

This has been a very successful season with only one match lost out of a total of eleven played at Under 15 level.

The team has played well together throughout the season, being ably captained by Spink who played very forceably at centre forward often finishing with powerful shots at goal. An average of four goals per match were scored, the result of a high degree of individual skill shown by the forwards. Grainger at inside forward particularly showing very good ball control. As top scorer Blakely showed good anticipation in seizing any opportunity and the skill to finish by scoring.

The forwards were well supported by the defence although closer marking is still necessary. With an unbeaten record to maintain matches often started somewhat shakily until the forwards had opened the score when there was a rapid gain in confidence and the scoring of more goals. Bundell at left half showed greatest improvement during the season with his combination of persistence and speed while vice-captain Pike made a solid and reliable centre half.

The first match of the season to be lost was against a team 1 year older than the U15 side, a touring side from Royal Grammar School, High Wycombe. Even so the match was well fought and although Price's were 4-1 down at one stage, eventually pulled back to 4-3, thus losing by the odd goal. It was not until the last match of the season that the team suffered its only defeat at U15 level, and this only by the odd goal. Three times during this match they were one goal down and twice managed to draw level again, but despite a very big effort at the end were unable to produce the final equalising goal.

The team entered for the Hampshire Schools Hockey Association Tournament did very well finishing top in its pool and thus qualifying for the semi-final, only to be defeated by a team from Southern Grammar School 1-0.

This year seven boys - Spink, Matthews, Grainger, Innes, Pike, Blakely and Hambridge were entered for the Hampshire U15 Trial. This resulted in Spink, Matthews and Grainger being chosen to play for the Hampshire U15 side, Spink having the honour to captain this side.

Next season the 1st XI should have a large pool of talent in this season's U15 side to call upon.

RECORD OF MATCHES

Havant G.S.	Home	Won	3-0	Fathers XI	Home	Won	4-1

UNDER 14 HOCKEY XI

Matches played 13 Won 10 Drawn 2 Lost 1 Goals: For 63 Against 6

This was a good year for the team. Our only defeat of the season was at Hamble before the team was restructured. In the H.S.H.A. Tournament we obtained our revenge by defeating them 6-0.

The team worked well together. John, the Captain, controlled the game from the Centre-Half position and the team will feel his absence next year. The front five worked well together especially Flin (I.L.), Challis (C.F.), Clarke (L.R.), and Bristowe (R.W.), although there were constant experiments on the Left-Wing. The Half-Back position was very strong, for apart from John, there was Prentice with his powerful hits and Herbert (L.H.) with his skilled stick work. Richardson at Right-Back made the greatest improvement during the year, supporting the Half-Backs and clearing the D of attackers. Lovegrove as Left-Back requires more confidence but still played well.

In the H.S.A. tournament we played well but missed Richardson in the back line and later, Herbert with a bruised knee. We reached the semi-final and drew against King Edwards. In the exciting penalty flick-off Cooper, the goal keeper, was unable to equal the luck of the opposite number. It is a measure of his skill that no goals were scored against him in the tournament and only six in the year and several of those due to long periods of frozen inactivity.

MATCH RESULTS

v	Weston Park	1-1	v	Southern Grammar	5-0
v	Warblington	7-1	v	Warlington	9-0

UNDER 13 HOCKEY XI

Matches played 12 Won 12 Drawn 0 Lost 0 Goals: For 80 Against 2

Winners of the Hampshire Schools' Hockey Association Tournament

The Under-13 hockey side made Price's School Hockey history in 1971 by being the first team at any level to win a County Tournament; I make no apologies for opening these notes with such a team trumpet-blowing fact.

The whole group (there was always a predatory-like attitude apparent amongst the sometime-playing reserves!) can be justly proud of its achievements, not only in the Hampshire U-13 Tournament but also throughout the season's school matches from September through to March. The tally of goals for and of goals against - no difficulty in tallying the latter! speaks for itself.

With such convincing wins right from the opening matches it was obvious that here was a team capable of devouring anything coming its way. In fact, with the lure of "ice-cream for all if you win" at half-time, when things looked a little tight against keen rivals of ours, the team devoured both school, with a win in the second half and, later, all the ice-creams.

I would rather not mention any members in particular because without doubt this was a total team success; this being born out by the fact that, with the exception of Davey who unfortunately had to retire to hospital in only the second match of the Hampshire Tournament with a badly cut eye, all members of the forward line had a fair share in scoring sometime or other during the various rounds leading to victory in the final. Again, the 1-0 win over Bruns Park (this time without the incentive of ice-cream!) was satisfying, although, for me, the finest match I have ever seen the team play was the semi-final against King Edwards, Southampton. Price's played some of the best team hockey I have seen at this level - and for some way above!

This match contained all that is best in constructive and imaginative play; the goal keeper and backs played and cleared coolly and firmly, the halves covered their opposing wingers and distributed well, Harvey in particular (and here, in noting this match, I make the exception of singling out both player and captain) sending superb both long and short 'switching' balls to a forward line working in complete understanding with one another, especially on the right. It was a real joy to watch.

One other comment I would like to make in congratulating the group is to just point out that, apart from a couple of solid rocks in defence (no offense meant!) many of the teams we played appeared to tower over Price's team; but this is what makes hockey so fine a game to play, it is a game of well-practised skills incorporating speed, strength and tactics, once you have possession of the ball, have practised the skills and are prepared to work together you stand as good a chance of winning as anyone - large or small.

Mr. Gros started the group off so well and, at the Hockey Club Dinner, finished it equally well with those mementos of the Hampshire triumph in the form of a presentation of miniature hockey sticks to all the team and 'coach'. You all know how much we owe to his enthusiasm and thoughtfulness and so for all these things I would like again to thank him on your behalf.

A.J.E.H.

PRICE'S SCHOOL HOCKEY CLUB THIRD ANNUAL DINNER

The 1971-72 School Hockey season was rounded off in fine style by the Annual Hockey Dinner, held in the School Hall on Monday, 27th March, 1972.

The guest list was headed by Guest of Honour, Mr. R.A. Hawkes, Hants and South of England, County Chief Coach and Honorary Secretary, H.S.H.A.

Other guests were:-

T.E. Wagstaffe, Esq., M.B.E., O.P., Hants Chairman of Selectors.
I. Bullivant, Esq., Captain Hants & Trojans, H.C.
A. Salmons, Esq., Captain Fareham H.C.
A. Jackson, Esq., Great Britain, Hants & Capt. Trojans.
G.F. Hartridge, Esq., Hon. Sec. P.T.A.
R.E. Daysh, Esq., O.P.
S.A. Wheeler, 1970/71, Captain of the XI.

The evening was started by the guests and the First XI having sherry in the headmaster's study. After this, the other teams already having arrived, the company transferred to the hall and the dinner began.

The meal consisted of grapefruit, followed by the main course of roast chicken, chippolatas, bacon rolls, roast potatoes, garden peas and brussel sprouts. The sweet was apple tart and cream and coffee, cheese and biscuits rounded the meal off.

With the end of the dinner came the toasts, the "Queen" being proposed by M.A. Harvey, Captain of Hockey. Mr. Poyner introduced the guests and made apologies for absentees, Rear Admiral R.L. Alexander, Chairman of Governors and P. Withers, O.P., Hants.

The team reports followed. P. Harvey, U-13 Colts Captain gave his report first and told of a brilliantly successful season, one in which his side had won all of their matches and conceded only 2 goals.

R. John gave a similar glowing report about the U-14 XI and P. Pike rounded off the junior team reports with another speech telling of the U-15 XI's fine record.

Head Boy Martin Seeley, Captain of the Second XI in his short and witty dissertation told the guests that his side's achievements did not quite match those of the other sides, yet the Second XI went out to enjoy their Hockey and if they won, "Well that was just an added bonus!"

Finally M.A. Harvey's report told of a hard season for the First XI yet a successful one against usually good opposition. The Captain said that it had been a good season and awarded colours to P. Whitby, R. Bradford and C. Law. He also mentioned that Baker, Sheridan and Harvey himself had played at county level during the season.

Replying for the guests Mr. Hawkes stressed the need to practise the skills of the game and told of some instances in his own career where this need was evident. He thanked the school for the dinner and told the school that M.A. Harvey had been unlucky not to have obtained an England Schoolboys' Trial.

Mr. Gros gave a short talk about the Hockey Club telling the school that he sadly had to give up a lot of his work with the Under-13 XI.

Next came the presentation of the awards by Mr. Hawkes. The Johnston Stick was awarded to S. Cawte. The Best Team Cup to the Under-13 XI and the House Cups to:

Senior - Cams Junior - Westbury Minor - Cams

Special awards given by Mrs. B.J.Gros were miniature hockey sticks to the Under-13 XI for their unbeaten record and as winners of their tournament.

Finally Mr. Gros was thanked and deservedly so for his wonderful work for hockey throughout the school.

So the season ended. P. Whitby was elected next year's Vice Captain while the honour of being Price's Hockey Captain goes to R. Bradford. The evening was its usual success, and this must be partly due to Mrs. Bowes and her kitchen staff and to Mr. Crossman, to whom the school extends its thanks.

SECOND ANNUAL INTER-COUNTIES TOURNAMENT. 4-6th APRIL 1972

at St. George's, Weybridge.

The first team captain, M. Harvey, was selected to play for the Hampshire Schools 1st XI in the above tournament.

The Hampshire programme started shakily with a lucky 1-0 win over Essex, who were playing with ten men. However in the early evening we came up against Surrey Schools, boasting four internationals and three SWHA players, and won 1-0.

With two games won we needed four more points from three games, if Surrey beat Sussex, which they did. The four points were won by beating

Suffolk 2-1, the one and only goal conceded in the tournament from a Penalty Stroke: drawing with Bucks, 0-0, in a very drab game on a bumpy pitch: and drawing 0-0 with Sussex on the morning of the final day. The Sussex match was tense and exciting and many chances were missed by us, but we were in the final.

Meeting Herts. in the final we proceeded to show the crowd what hockey is all about, apart from goalscoring! We missed chance after chance having ninety percent of the play, but had to bow out after losing on penalty strokes. M. Harvey.

H.S.H.A. REPORT

WESTERN COUNTIES SCHOOLS HOCKEY ASSOCIATION

11th ANNUAL TOURNAMENT AT KING'S COLLEGE, TAUNTON

28th - 30th MARCH 1972

This year two boys, Sheridan and Baker were selected for the Hants 2nd XI to play in this tournament, but unfortunately Baker was unable to attend due to a finger injury, which had kept him out of the game for the last six school matches.

Sixteen teams attended this tournament and were housed in the magnificent facilities at King's College.

The Hants team were in a moderately strong pool and certainly expected to come second, if not first in their pool which consisted of Hants, London, Wilts, and Glamorgan. Hants beat London 1-0, but lost to Wilts 0-1 and Glamorgan 1-3.

The play-off to decide the 5th and 6th teams of Group A matched Hants with Somerset, ending in a scrappy 0-0 draw. Somerset deservedly went through on penalty strokes, leaving Hampshire the right to play Gloucester for 11th or 12th position. Some respect was regained by beating Gloucester 1-0 in another scrappy game to enable Hants to finish an embarrassing 11th out of 16.

G.E. Sheridan.

UNDER 17 BASKETBALL SQUAD 1971/72

Matches Played 17 Won 12 Lost 5 Drawn 0 Pts. F. 486 Pts. A. 167

This season has seen the U-17 Squad mature as a side, and to finish third in the league, when all the players are Under-16, is a very fine performance. There now must be a very good chance of the League Championship in 1972/73. The side also reached the semi-finals of the County Cup, losing to Southern Grammar School in that round.

Play has been centred around five players who are the most experienced at this level, although they still have a lot to learn about working with one another. This can only come with practice and the knowledge that the newer players can also fit in to the established pattern of play. Defensive play is as important as attacking play and in a man-to-man defence each player has individual responsibility which he must never forget at any stage. In attack the "assist" is as important as the player actually scoring although the latter is the person who gets the "glory".

Nevertheless this was a satisfactory season for the side and players individually, next year the National Championships and a good run here would be a major basketball achievement.

CRITIQUE

West. A very sound defensive player whose knowledge of the game is improving all the time. Always works hard and with a little more consistency will become a very good player.

Corkett. A natural player with a great deal of skill whose rebounding is exceptional in offence. Again he needs a little more consistency to become really good.

Norton. Skilful, particularly in offence with a superb drive relying on good skills. Next year will be a very competent player.

Hartley. Very hard working player who is capable of very good performances. His greatest attribute is that he does the simple things well.

Merwood. Young feed player who has improved beyond all recognition this year. Has a fine set shot and is defensively very sound. Has three more years at this level.

Ashman. Suffers from lack of height although even at this level has the skill to turn in good performances, as at Churcher's College. Could become a brilliant player.

Davis. Player with a prodigious jump which he is gradually using to more advantage. Good attacking player.

Matthews. Tall player who is now using his height to dominate opposing defences. His jump shot has now improved to the extent that he is a constant threat. Can look forward to a good season next year.

Smith. Skilful feed player who has three more years at U-17. Is capable of turning in very good performances but needs more consistency.

R.J.P.

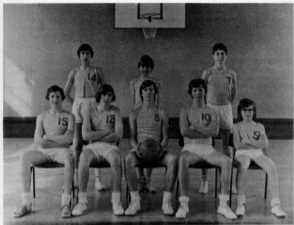

UNDER 15 BASKETBALL SQUAD 1971/72

Matches Played 15 Won 4 Lost 11 Drawn 0 Pts.F. 468 Pts.A. 529

The Under-15 Squad had a very unlucky season, losing rather more games than they won, but on no occasion was the side beaten by a large margin. Most of the matches played were very tight affairs, and had the team had a little more luck on the occasions they were beaten, the results could well have been reversed.

The side played very good simple basketball, and although not being a team of brilliant individualists, it always played within its limitations. It certainly deserved far better results than it achieved.

There were, however, several outstanding successes, the side reaching both the semi-finals of the South East Hants Cup and also the Hampshire Cup, being narrowly defeated in the former by Brune Park School and by Southern Grammar School in the latter.

I would personally like to thank Mr. Tuck for his coaching throughout the season and Mr. Payne who refereed for us. Also I would like to extend my thanks to Julian Banks who kept score for us and encouraged us in nearly all of our matches.

Congratulations to Merwood, Smith and Matthews who played in most of the S.E. Hants U-15 Representative Squad Matches.

C. Merwood, Captain.

UNDER 14 BASKETBALL SQUAD 1971/72

Matches Played 14 Won 8 Lost 6 Drawn 0 Pts. F. 325 Pts. A. 378

Following a good season at Under-13 level in which the squad were losing finalists in the S.E. Hants Cup and runners-up in the S.E. Hants League, 1971/72 was a little disappointing.

Even as an Under 13 Squad there were one or two inexplicable defeats, and the same pattern emerged this season. On several occasions in defeat the Under-14 squad were easily the better side: luck wasn't always on our side, and apart from one or two players the team did lack a little flair.

Latterly in the season there was evidence of more determination to win and most players became rather more gritty both physically and mentally. With this greater determination next season and a little more individual flair the squad should do much better in the Under-15 League - it certainly has the basic ability.

Congratulations to Marks and Fricker who both played in most of the S.E. Hants U-14 representative squad's matches in the National Championships.

A.C. Marks, Captain.

UNDER 13 BASKETBALL SQUAD 1971/72

Matches Played 14 Won 6 Lost 8 Drawn 0 Pts. F. 221 Pts. A. 316

Although on paper not a very successful year for the U-13 there were many aspects that show promise for the seasons to come.

Many of the players will have gained valuable experience and this may well compensate for the lack of size in future years. Size was the greatest problem this year with almost every side we played having at least four players taller than our tallest. At this level skill is no substitute for height.

Moore and Harvey both played consistently and were the leading point scorers closely followed by Mitchell and Kohnert who improved steadily throughout the season. Ward and Wilson made their mark in the side towards the end of the season, as did Sayer, Sturgess and Freemantle. Allen, the Captain, turned in some useful performances early on in the season.

The Captain next year will be Wilson with Ward as Vice Captain.

The following players represented the side during the season:-

Allen, Moore, Harvey, Mitchell, Kohnert, Freemantle, Sayer, Ward, Wilson, Southwell, Fekri, Barge, Bradbury, Russell, Taylor, R. Tinker, Sturgess, Taylor, Sunderland, Thomas.

1ST XI CRICKET REPORT 1972

Captain : I.M. Corkett.
V.Captain: S.R. Cawte.

Hon.Sec.: A.G.Smith
Hon.Fixture Sec.:I.W.Attfield.

Played 16 Won 7 Lost 1 Drawn 6 Abandoned 2 Cancelled 6

Despite the loss of four capped players, the 1st XI had another successful season, losing only once, for the third time in four years. By no stretch of the imagination could this year's 1st XI be compared to last year's in all round strength, but by hard work and co-operation, the team welded itself into an efficient unit.

The season started badly, with a general lack of enthusiasm, added to which there was the usual share of frustrations with the weather. The early games soon showed up the strengths and weaknesses of the side. It was clear that there was a lack of penetrative bowling, coupled with a general lack of experience. On the brighter side, the batsmen had shown that, given the opportunity they could win matches. With this batting strength and bowling weakness, therefore, a policy of putting the opposition in to bat was adopted, whenever possible, in order to give the batsmen the chance to chase runs against the clock.

Using this policy, the first win of the season was soon registered against Lancing College. This win was especially pleasing, as it not only whetted the team's appetite for success, but was the first win by a Price's side against public school opposition. Within the space of three weeks, the 1st XI had incurred defeat on another public school, Winchester, and had been deprived of a hat-trick against Canford only by rain. After the dismal start, these victories came as a draught of ice-water in a heat wave to the side.

As the season progressed, the team went from strength to strength, inflicting crushing defeats on such old enemies as Portsmouth G.S. and Portsmouth Technical School, and holding a strong Old Boys Side to a draw.

The climax to the season was the tour of the Channel Islands, reported in detail elsewhere. Once again, the team gave very good account of itself, the record being marred by an unfortunate last ball defeat at the hands of a very strong G. Powell's XI. Nevertheless, the party of 13 returned home having had a splendid time as well as having gained much valuable experience.

On returning home, the 1st XI embarked on a highly successful "run", in the Sarisbury Green Knapp Cup, a limited over knockout competition. Despite little experience in this type of cricket, the side managed to reach the final round, only to be beaten by an experienced Gosport Borough C.C. side. Nevertheless, many valuable lessons were learned by playing in the competition. It was pleasing to see how the urgency, whether batting, bowling or fielding, associated with the over-limit game, was transferred into normal inter-school matches. It is hoped that a Price's side will enter the competition again next year.

Although the story of the 1st XI's success has been team effort, there have been several outstanding individual performances during the season. Chris Tucker performed splendidly both with bat and ball. He deservedly topped both sets of averages, the first player to do so since records have been kept. He had a top score of 94, and his best bowling figures were the stunning ones of 8-13, a feat which earned him a Slazenger Award for the best schoolboy bowling performance of July throughout the country.

Prominent among the rest was batsman Simon Whitby. In one memorable week in Jersey, he blitzed three scores of over 50, and I rank his innings of 81 as the best of the season. As a reward, he gained Hampshire representative honours. The bowlers too had their moments of glory. Opening bowler Mark Hartley claimed five wickets in an innings three times. In the wicket-keeping sphere, Terry Morton again showed himself to be one of the most promising in the county. He too gained Hampshire representative honours.

At the conclusion of the season, full colours were awarded to Mark Hartley, Terry Morton and Steve Cawte and half colours were awarded to Geoff Sheridan and Brian Draper.

Finally, I must thank Ian Attfield who, for the fifth year running has done a magnificent job as scorer, statistician and wit. One cannot prize too highly the work Ian has done over the last five years, both in scoring and reporting the school's matches. His departure will leave an almost unfillable hole. I must also thank Mr. Tuck for all the hard work he has put in to make the side such a happy and successful one, and lastly, I must thank vice Captain Steve Cawte and "senior professional" Chris Tucker for their help in running the side both on and off the field.

1ST XI CRITIQUE - 1972

I.M. CORKETT (Captain - Colours 1971 or 1972) Had a very successful season in his role as Skipper, as indeed the 1st XI record shows. Being younger than most of the players, he was under considerable pressure and consequently his personal performance suffered rather. With a season of captaincy behind him, during which every match saw his handling of the side improving, I am certain we shall see a return to the high standards of individual performance we have come to expect of him.

S.R.CAWTE (Vice Captain - Colours 1972) Although he had been a member of the 1st XI Squad for the previous two seasons, he had not really commanded a regular place in the 1st XI. Despite this he never lacked authority and conviction as Vice Captain, if on occasions lacking a little technical 'know how'. Filled one of the opening vacancies admirably with doggedness and determination, but unfortunately would often get himself out when well set by trying to play outside his limitations.

C.J.TUCKER (Colours 1970, 1971 & 1972) Was the most experienced player in the 1st XI, being in his fourth season. At last the potential as an all rounder he had shown in 1969 blossomed abundantly. He played some fine innings, bowled some fine spells, and also took the highest number of catches. A fine farewell season.

S.R.WHITBY (Colours 1971 & 1972) A little slow getting going early in the season, but once the harder, faster wickets began to emerge, so he began to improve. Never better than when needing quick runs, when his wide repertoire of shots were in evidence, but all too often a really big score was prevented by the irrational shot, an error of judgement only brought about through impetuosity. Disappointed he did not make more improvement with his leg spin bowling.

T.R.MORTON (Colours 1972) Another very good season behind the stumps and continuing to improve, although on the very occasional 'off day', he proved to be right off! The most improved aspect of his game however is his batting. Not a pretty player, but his very sound, functional, workman-like technique has produced some very determined innings, and next season he should have the opportunity to build much longer innings, for which his style is particularly suited.

M.G.HARTLEY (Colours 1972) Bowled with great heart, but with very little luck early on. Missed several practices in mid season and this was rather apparent in one or two games. However, in the latter half of the season he bowled with much more pace, with considerable accuracy and tremendous stamina, willingly bowling many consecutive overs. He should continually be experimenting for movement both in the air and off the seam, particularly in practice. His fielding, and especially his throwing have improved tremendously.

G.E.SHERIDAN (Half Colours 1972) Only played for the last two thirds of the season. Quite an asset to the side with the useful batting and medium paced stock bowling. Had he started the season earlier he would have had more chance to establish himself rather higher in the batting order. Had the uncanny knack of making simple catches into difficult ones, but fortunately catching them, very often spectacularly.

B.W.DRAPER (Half Colours 1972) Not a very elegant player, but who, on his day, was capable of quick runs. Had two or three real weaknesses, but if these were not exposed, he certainly had quite a few shots and the strength needed to push the score along. A good runner between wickets and a very good fielder anywhere.

S.P.FRIPP. Quite an enthusiast whose bowling has improved a great deal. Developing accurate late inswing by the end of the school season, had a particularly sound throwing arm. Pity he had to leave at the end of the Lower Sixth Form.

T.C.HAYDEN. By the end of the season was showing considerable promise as an off spin bowler. If he works hard at this during the coming close season and next season, he could well be quite a force in the Price's attack next year. Needs more life in the field.

J.A.RUSSELL. He never really produced quite the same bowling form in matches as he did in the nets. A pity he has not another season with the first eleven. A bowler who needs considerable practice to maintain accuracy.

M.RUTLAND. His first full season in the first eleven and bearing in mind that on the few occasions he played the previous season he was showing real potential, 1972 turned out to be rather disappointing for him. His bowling, always rather a joke with the rest of the squad, improved almost to the point of decency, in fact he dismissed one local club 'Star'!

A.G. SMITH. A player of tremendous enthusiasm, never better illustrated than when fielding. A very useful offspinner, who must be prepared to give the ball plenty of air. He is far less accurate and therefore less effective when he bowls flat. Always was considered the number two offspinner to Chris Tucker, but who will come on considerably next season with more bowling.

M.C.T.

UNDER 15 CRICKET XI

Match Records: Played 12 Won 5 Lost 5 Drawn 2

The Under 15s had rather a mixed bag of results to show for their efforts this season which perhaps symbolised the inconsistency that was very much a part of both the bowling and the batting. Good victories were recorded early on against St. John's College and Purbrook before we played our first game in the Gawthorne Cup which was really the climax of the season for us since we played our best cricket in this competition: after a bye in the first round, we succeeded in defeating Cranbourne and The Hurst to reach the semi-final where we played Bournemouth whom we had all but beaten a few weeks earlier. The bowlers as usual did a fine job, restricting the opposition to 63-9 in 20 overs, but the batsmen were unable to capitalise on this situation and we were dismissed 10 runs short of our target. This was a great pity because a win would have meant an appearance in the final at the County Ground, Southampton. Probably just as good an achievement was our per-

Performance against a very strong Portsmouth GS side who, until we played them, had won all their previous matches: In a very even game, we did not have much difficulty in holding them to a draw with a fine batting display. Mackay, who scored 39, being outstanding; he and Matthews added 59 for the third wicket, the best stand of the season.

Blakeley was an efficient captain who could always be relied upon to stay in if the side was in trouble while Dean kept wicket alertly and twice got us off to flying starts in our Cup matches. There was no one outstanding batsman in the team although two members attended the County Trials in this capacity: Mackay and Cowan both made poor starts to the season but they settled down to make several useful contributions so that they perhaps qualified as the form batsmen at the end of term. Matthews and Merwood were both solid but I think could have made higher scores with greater concentration: the former, however, did well to achieve a score of 28 and two of 18. Useful batting support was also provided by White, Sculpher and Clarke. But it was the bowling which was the strongest department of the side with Bloomfield taking 24 wickets and A.G. Smith 29. Bloomfield, besides being very fast, was admirably consistent in length and direction, and took four or more wickets no less than five times, his best performance being 8-28 against Cranbourne. Smith, the other opening bowler, while not quite so fast, was generally accurate and penetrating as his figures show - four or more wickets four times, including the best bowling performance of the season, 8-19 in our first match against Bournemouth. Matthews also bowled well although he continually found it difficult to refrain from bowling wides: in one match, he actually managed to bowl three wides and take two wickets in the same over!

To sum up, the team was an enthusiastic one, and was always keen to learn and improve, and by all accounts we had a fairly good season: It was just a pity that the batting could not always give the bowling the support which it deserved. But then, there is always next season.

RESULTS

Prices 68 all out v. St. John's. Won by 49 runs.
 Prices 36 all out v. Churchers. Lost by 7 wickets.
 Prices 70-8 v. Purbrook. Won by 30 runs.
 St. Peters 38-6 v. Prices. Lost by 6 runs.
 Cranbourne 70 all out v. Prices. Won by 3 wickets.
 Price's 60 all out v. Bournemouth. Drawn.
 The Harst 63 all out v. Prices. Won by 7 wickets.
 Portsmouth GS 122 all out v. Price's. Drawn.
 Price's 57 all out v. Lord Wandsworth. Lost by 3 wickets.
 Bournemouth 63-9 v. Price's. Lost by 10 runs.
 Price's 51 all out v. Totton U16 XI. Lost by 6 wickets.
 Price's U16 XI 81 all out v. Price's U14 XI. Won by 56 runs.

M.A.L.

U 14 CRICKET

Played 11 Won 6 Drawn 1 Lost 4

This year's U 14 side proved to be one of sound all round ability who always enjoyed playing despite the poor weather which affected many matches. Although there was no great brilliance the batting possessed depth and on several occasions the ability of later batsmen to score runs proved of value after an early collapse - notably against Alresford and Andover. Challis started the season in fine form with scores of 62 n.o., 44 n.o. and 34

but he did not accumulate so many runs after half term. Clledwyn, Bascombe, Marks, Macadam, Spencer and Corbin all had one or two good innings but none showed any real consistency.

The bowling was steady with Marks, the leading wicket taker, the most consistent. He received good support from McGuinness, Fricker, Challis and Corbin who vacated his position as wicket keeper early in the season. Prentice replaced him behind the stumps and proved very competent in this position taking 6 catches and 1 stumping. The catching of the side as a whole was good but the ground fielding was a little careless at times.

The side entered the Hampshire Schools U 14 knockout competition for the first time this year and as a result of hard practise they met with some success. After close wins in the early rounds the best performance was in the quarter final at King Edward VI's. After a poor start we recovered to 98 for 7 thanks to a fine stand by Macadam and Prentice. However our bowling and fielding did not prove tight enough to restrict the opposition batsmen and they scored the winning run with four balls of the last over left.

The team would like to thank Mr. King for giving up his time for umpiring and coaching us throughout the season.

Team: Challis, McGuinness, Clledwyn, Corbin, Spencer, Prentice, Marks, Macadam, Bascombe, Case, Richardson, Fricker, Fenner, Walker.

UNDER 13 CRICKET

Played 6 Won 1 Lost 4 Drawn 1

We had a most disappointing season. The first three matches were cancelled for various reasons, including rain, and two more at the end of the term. The potential was there, but somehow we never managed to exploit it.

Our first match against Churcher's we might have won if our bowling had not been very poor. Our second match against Purbrook was lost owing to our apparent misunderstanding of the type of game to be played. The third match against St. Peter's, due to rain, was played as an 'overs' match and we failed to bat aggressively. Although we did better in the next two matches, Portsmouth Grammar School defeated us most decisively in the final game. For the first time since 1965 we were unable to stage a Fathers' and Sons' match.

Nevertheless, many of the team show considerable promise. Bradford and Harvey should make a lot of runs in the future; Leckie and Reynolds as opening bowlers improved as the term went on, and Godwin's spinners show much promise. The fielding was good and Meisner did well keeping wicket. We owe a great deal of thanks to Mr. Attfield and Mr. Green for their help in the nets, and Mr. Attfield particularly for umpiring.

The Team : M. Radford, Capt., S. Godwin, V/Capt., C. Bradbury, P. Meisner, P. Reynolds, S. Groves, P. Harvey, P. Davey, J. Southwell, P. Leckie, D. Green, J. Mitchell, G. Lawson, Scorer.

E.H.F.G.

1ST XI CRICKET TOUR 1972

For the third consecutive year, the school cricket tour was to the Channel Islands. This time the tour party spent four days in Jersey playing 3 matches, and then moving on to Guernsey for two days where another two matches were played.

We left Fareham at 9.00 a.m. and arrived in Jersey at 8.30 p.m. after a very calm channel crossing. Here we were separated and went to stay in different houses.

Our first match was against Victoria College. The College opened the batting and against some very good bowling by Hartley, would have collapsed completely but for a lively 45 by Andrew Hall. However, the college were soon out for only 155. Price's began well and kept up a fast scoring rate, S. Whitby scoring 55 and C. Tucker 44 not out. The runs were knocked up for a loss of only 3 wickets.

Our next opponents were G.Powell's XI which included Mr. Tuck who had brought his family with him including small son Richard who was kept amused during games by inactive members of the party, and who showed signs of following in his father's footsteps. The school lost the toss and this proved a decisive point as batting first, the school only scored 102 runs, Mr. Tuck taking 5 wickets. However, our opponents found difficulty in scoring runs but produced the winning hit off the very last ball possible. This was the school's first defeat of the season.

The next day, there was no match, and the weather being good, some members of the party spent the day on the beach, whilst others walked around the shops or went to a cinema.

Our next game was against Hautlieu school. Hautlieu batted first and scored 152. Leaving the school a very short time to score the runs, S. Caste, the captain for the day wisely sent the fast scorers in first. Mr. Tuck scored a very fast 80 and S. Whitby added his second 50 of the tour, and finally the runs were made with a few minutes to spare.

The team enjoyed many social evenings, especially with the players from Victoria College. Before departing, the two schools had arranged a football match to be played when the college come to tour England in October.

Arriving in Guernsey early in the morning, we went straight to the Elizabeth College ground where our next match was to be played. In this, Elizabeth batted first, and scoring rather slowly declared at 181 for 5 wickets. The school, facing a very difficult task, never seemed likely to make the runs, but an exciting 80 + by S. Whitby, his third score of 50 plus on tour, kept the game alight until the closing stages.

The final match was against Guernsey Island C.C. The school batted first and declared at 184 for 9 wickets owing to a 50 by C. Tucker and some exciting shots played by L.Corkett in the closing stages of the innings. When batting our opponents soon fell behind the clock, and in the last over bowled by L. Corkett, the number eleven batsman was still swinging the bat when three sixes were needed off the last three balls. However, he was bowled by the fifth ball of the over ending a very exciting match.

During the evenings in Guernsey, the Price's school cricket tour Darts Championship was played. However this competition could not be finished there and was later finished at home. T. Morton and M. Hartley turned out rather lucky winners against runners up, T. Hayden and A.G.Smith, in an exciting final.

So ended a very enjoyable and successful tour. The team winning three drawing one and losing one of their matches. The success of the side was mainly due to the excellent captaincy of Corkett who was a fine example to others playing the game. Many thanks are due to Mr. Powell of Victoria College for his arrangements for the tour and to our hosts in Jersey for their wonderful hospitality.

T.C. Hayden. (6 Sc. L.1.)

UNDER 19 TENNIS

The first Under 19 Tennis Team was formed this season and performed fairly well considering it was the School's initiation into league tennis at this level.

The Grace twins formed the anchor spot for the team and were ably supported by a number of interested players; Cooper, Wilson, Spencer, L. and Spencer, S. were particularly successful and, considering ages, the future looks very good.

The Graces played for Hampshire Juniors six times against such counties as Devon, Dorset, Somerset and Oxford and trained with the Hampshire squad throughout the winter. They also had good success in the Lee-on-Solent, Alverstoke, Winchester and Sheen (Surrey) Junior Tournaments.

Wilson, S. and Spencer, L. were selected to play for the South Hampshire Team and Spencer, L. also had a full Hampshire Trial (he is also playing for Park Lane in the Senior Summer and Winter Leagues — a difficult transition to make for juniors!).

A.J.E.H.

UNDER 15 TENNIS 1972

Played 10	Won 8	Lost 2	Sets Won 59	Lost 31
-----------	-------	--------	-------------	---------

Again this has been a successful season in which the team has lost only two matches, one being a very narrow defeat, and finished third in the league table.

Match practice was held regularly and although there were a few alterations at the start the regular side which played in the South East Hampshire School's Tennis League consisted of

First pair	Second pair	Third pair
Wilson (Captain)	Smith	Vidler
Meek	Benmore	Ruffles

Wilson and Meek playing at first pair carry a large proportion of the responsibility for the Team's success in stepping into the Grace twin's shoes and winning most of their matches.

One notable feature this season has been the ability of the side to win matches when the score has been very close, and this resulted in a very good win against Cowplain who provided some strong opposition.

Congratulations to Wilson who was selected to play for a representative Under 16 S.E. Hampshire side.

Under 15 Colours were awarded to Ruffles, Vidler, Smith and Benmore; (Wilson and Meek received Under 15 Colours during the previous season.)

UNDER 13 TENNIS

Matched played 7

Won 5

Lost 2

This was the second season of a Price's School Under 13 Tennis Group and last year's total of twentyfour boys playing and having coaching was increased to thirtytwo 1st and 2nd year boys.

The overall standard of play was very good and, yet again, there was the difficult job in picking six boys to represent the school. However, Locke and Litchfield, Schofield and Glavin, and Baynham and Barridge formed the main basis of the side, with Cooper, Brookes and Harvey playing occasionally.

Locke captained the side in a most efficient manner and managed to squeeze most of the refreshment money from his team! Fortunately for him three of the side were 1st Formers so his job was not too arduous. It was good to see fifty per cent of the team coming from the first year (on playing merit) and had not Brookes been injured for most of the early part of the term he would no doubt have increased this percentage.

Of the seven fixtures in the South East Hants Schools' Tennis League, School won five matches and lost two; the team lost to Havant and Warblington as last year's team did.

Considering Havant's specialisation at this sport the overall results are very good and should see the team in second position in the league.

Glavin proved to be the best singles player; having beaten Litchfield 6-4, 6-4 in the semifinal he went on to beat Locke 6-3, 6-2 in the final.

THE SWIMMING CLUB 1972

Under 15 Captain : A. Scott
Under 15 Vice Capt. : N.G.Piper

Under 13 Captain : M.Mitchell
Under 13 Vice Capt. : J.W.Mitchell

The coldest, wettest April, May and June for the past four years restricted all forms of swimming to a very bare minimum. The swimming match programme as a consequence was reduced to a mere skeleton of the original and even the match against Bournemouth School was entered upon with absolutely no preparation, apart from three short trials. The defeat by 103 - 131, which was only to be expected as Bournemouth swim all year round, was encouraging if only to illustrate that with hard work and dedication in training the season could well have been a very successful one. Our few established all-year-round-swimmers kept the Price's flag flying, but had the match been held following a reasonable amount of preparation, the result, if not reversed, would almost certainly have been much closer.

M.C.T.

A. SCUTT

English Swimming Clubs enter for the S.G.Darmstadt age group competitions which are more commonly known as the unofficial European age group championships. S.G.Darmstadt organise these championships which consist of five age groups of boys born in 1957, 1958, 1959, 1960, 1961 and younger. The events follow the Olympic distances but leave out the 200 and 1500 metres freestyle for time reasons. Clubs from America, Israel and Egypt compete as well as European Clubs but generally are out of the running.

The prime objective of my club, Southampton, was to win the Team Trophy which could make us both Senior and Junior Club Champions of Europe. We did this, not by winning the races but by coming second and third in nearly all of them. In fact, the only Gold Medal we won was that in the boys' Relay (no age group) in which I competed. I came sixth in the individual 100 metres Butterfly and won a Gold and Silver medal in the two Relays.

Our team of about 30 left in the middle of July, going by boat to Ostend and then on to Pfunegstadt, a town just outside Munich.

A. Scutt, 5D.

ATHLETIC SPORTS

Sports Day was held on Wednesday, 17th May, the field events had been held two days prior to this.

The weather smiled on us, providing the first sunny day of the month, thus compensating to some extent anyway for the adverse condition on the Monday. Hurdles events began the afternoon, an event which requires considerable technique as well as speed. An indication of the final result was already being given with Cams dominating the day's events, having held the lead from Monday. 100 metres is always an event which pleases spectators and they were not to be disappointed, particularly in the Senior race where Kelly defeated Burton in a close finish. Kelly went on to add the 200 metres and Long Jump to his title. He represented the School at the Gosport and Fareham Championships coming second in the 100 metres, thus continuing to the Hampshire Championships.

Walters and Pickering dominated Minor events with Edwards taking the 1500 metres title. Pickering and Edwards later represented the School in the same Championships as Kelly.

D.Baker, School, off to an excellent start at the first change-over in the Senior 4 x 100 metres.

M. Seeley (Head boy) receiving the Cup for winning the 800 metres, from Mr. F. Hall, while Mr. Tuck and Mr. Payne look on.

Newton performed consistently in the Junior events with a fine all round performance, and John once again dominated in the sprints.

The highest class race was undoubtedly the Senior 1500 metres with all the first six runners performing in very creditable times.

Since they are all footballers this may well have helped in their fitness training. Gledhill running doggedly managed to hang on despite the fast finishing Long and Sibley.

100 METRES		1st		2nd		3rd	
Minor	Walker	(W)	Walters	(C)	Edwards	(B)	
Junior	Vidler	(S)	John	(W)	Innes	(C)

Junior	Day	(C)	Smith	(B)	Fenner	(W)
Senior	Baker	(S)	Fripp	(C)	Smith, A.G.	(B)

The afternoon as a whole went smoothly with Cams the winner of all sections. Our thanks go to all the members of staff who helped, and enabled the afternoon to go so well.

Minor Victor Ludorum	Walters, R. & Pickering
Junior Victor Ludorum	Newton, J.
Senior Victor Ludorum	Burton.

SAILING

This has been the most successful event that we have participated in since sailing was first taken seriously on the Inter-school level a few years ago.

We went to Calshot confident in our ability to win and came back even more confident and with TWO cups, of which we are very proud, the first of the kind won by the school and by no means the last.

We could not have asked for a better week-end, bathed in beautiful sunshine and with moderate to fresh winds. We used both to the utmost advantage, feeling the effects of the sun a few days later, but using the wind to achieve maximum performance from the boats.

While the other schools discussed tactics and were working out where they had gone wrong, the Price's Boys took the usual flippant attitude towards sailing while on shore, and only became serious when they set foot in the boat. So while the other people were racking their brains, we lapped up the sunshine, enjoyed our sailing and coughed over soggy sandwiches which acquired a salty taste only obtainable from Southampton Water. (This came about by Lamont capsizing on the way over, unfortunately he had all the packed lunches on board!)

We had our own fair share of troubles, like Shearwater mast collapsing, National 12 rudder plates breaking, Cherub spinnakers being dropped over the side and losing their crew in the same manner, and a few capsizees, to mention only some, but everything turned out very well in the end.

We would like to thank Mr. Hedley and the H.C.S.S.A. for organising this event.

HAMPSHIRE SCHOOLS SAILING REGATTA held at Calshot on 15th & 16th July

All the races except the Handicap Race were sailed in Bosuns.

Three Boat Team Race for Seniors

Price's	Helmsman	Fox, Crew Groves	2nd
	Helmsman	Mason, Crew Pigney	3rd
	Helmsman	Lamont, Crew Diment	5th

Challenge cup won by Price's who beat Brockenhurst College by half a point.

Three Boat Team Race for Juniors

Eight schools were competing. Price's won both their heats outright and in the final.

Helmsman	Pursey, Crew A. Dean	1st
Helmsman	T. Powell, Crew (G. Pigney (Jun.))	2nd
Helmsman	Botting, Crew J. Powell.	3rd

Beat Gosport G.S. and so won the Cup.

Individual Race (open) for the Wheatley Cup

36 boats took part. After the qualifying rounds Price's had 3 of the 6 boats in the Finals. Brockenhurst College won the Cup.

Pursey and Dean were	2nd
Botting and McDowell were	3rd

Lamont and Pigney had to retire after a false start and an infringement of the right of way.

Handicap Race (no cup) sailed in boy's own boat.

Fox and Groves in a Sheerwater Catamaran; Mason and Pigney (Sen.) in a Cherub; Diment in an International Moth; Lamont and Pigney (Jun.) in a G.P.14; T. Powell and Macdowell in a National 12; J. Powell and Pursey in a Mirror - all took part.

The wind was force 4 on Saturday and 4 to 6 on Sunday making a very choppy sea.

The results of the Handicap race were -

S. Collyer	Cherub 1749	Brockenhurst College	1st
T. Powell	National 121894	Price's School	2nd
P. Mason	Cherub 1012	Price's School	3rd

Of the seven boats to finish this race only the winner was not a Price's boat.

N.J. Groves. 6 Sc U 1.

SOUTHAMPTON SCHOOLS SAILING REGATTA

A good turnout from Price's, again attended the Southampton Schools Sailing Regatta, this year, which was held at Southampton Sailing Club on Saturday June 10th. The idea of the racing was to find the best schools helmsman in the Southampton area.

Everyone enjoyed the mornings racing, despite the light and variable conditions.

Our three entries in the fast handicap class did very well, as usual. Mason in his Cherub 'Mon Coeur' and Botting in his G.P.14 'Woodstock' made very good starts and held commanding positions throughout the race. Unfortunately Tim Powell in his National 12 'Little Bricky' made a bad start but helming very well, passed the main fleet on the first reach and by the second reach had romped into the lead which he held until the finish.

In the Mirror class John Powell, brother to Tim, in his Mirror 'Super M' was with the leaders after the start, but because of the fluke wind, which harassed everyone, a couple of boats slipped past just before the line. Pursey in 'Persever' persevered with the conditions well, but was again beaten by them and finished just after John.

Many thanks to Mr. Hedley for organising the sail round to Southampton.

OVERALL RESULTS

East Handicap Class

1st	T.Powell	(Helm)	R.McDowell	(Crew)	Nation 12	(Boat)
3rd	P.Mason	(Helm)	G. Pigney	(Crew)	Cherub	
4th	I.Botting	(Helm)	M.Cowne	(Crew)	G.P.14	

Mirror Class

6th	J. Powell	(Helm)	N.Hunt	(Crew)	Mirror	
7th	A. Pursey	(Helm)	A.Dean	(Crew)	Mirror	

N.A. Hunt. 5 B.

INTER HOUSE SAILING COMPETITION

OCKENDEN CUP - SENIORS

1st	School (Westbury)	T. Rowe and J. Lamont P. Mason and I. Atkins
3rd	Blackbrook	L. Fox and N. Grove
4th	Cams	S. Chilcott and N. Diment

R.A.F. YACHT CLUB DINGHY SAILING CUP - JUNIORS

1st	Westbury	T. Powell and A. Pursey
2nd	Cams	G. Pigney and A. Dean
3rd	School	R. McDowell and M. Smith
4th	Blackbrook	D. Banks and A. Robinson

The Competitions were held in Fareham Creek in June and it was the first time that Juniors took part. Our thanks are due to H.M.S.Collingwood for allowing us to use their 'Bosun' dinghies.

Winds were light during the morning but rapidly increased in the afternoon.

The highlight of the day was when Groves and Fox decided to take a swim - by capsizing!

Once again we would like to thank Mr. Hedley for organising this event.

N.J.Groves. 6 Sc U 1.

COMBINED CADET FORCE (NAVAL SECTION)

This year we welcome Mr. Hill into the Naval section and hope that he will find the activities of the Corps interesting.

Visits have been made to H.M.S. Collingwood and to the R.N. Air Section at Lee-on-Solent, a smaller party of senior boys also made a day trip at sea. In conjunction with the other sections of the Corps a successful field day at Browdown gave all the cadets an opportunity to fire a practice target on the .303 range and to take part in a defence exercise in which blank ammunition provided a degree of realism which was appreciated by all those taking part.

With sixty two cadets at present the Naval Section shows great promise, and it is anticipated that following the proficiency examination, we shall be able to make promotions to Leading Cadet before Christmas.

The Cadet Force boat has been surveyed and with the help of the Cadets is now moored at Fareham Sailing Club, to whom we are indebted for their kindness and goodwill. We look forward to the increase in boatwork which this will make possible in the coming season.

To those who have left the Corps we extend our wishes for a successful future and hope that the lessons learned on the subject of leadership will prove useful to them in the future.

K.E.N.

C.C.F. SMALL BORE RIFLE TEAM

The team was entered in the British Schools S.R. Association's Autumn & Spring Leagues. In neither did we do ourselves full justice, firstly because of lack of practice and reforming a team and, secondly because of interference due to power cuts and range modifications.

Teams were also entered in a knockout league (team of 8) in which we failed to make the 'cut' (at an average score of 94) and an R.A.F./C.C.F. contingent made the top quarter in the nationally shot Assegai Trophy.

AUTUMN LEAGUE, 1971

	Price's	Matches Won	Points	Aggregate
1. Stamford G.S. 'B'	Lost	4	8	2324
2. Portsmouth G.S. 'B'	Won	3	6	2323
3. Malvern College 'C'	Won	3	6	2315
4. Price's	—	3	6	2273
5. St. Peters 'C'	Won	1	2	2276
6. Warwick 'A'	Lost	1	2	2261

SPRING LEAGUE, 1972 (Shot on league basis)

Nottingham H.S.	24 points	2360 aggregate
Dollar Academy	22 points	2348 aggregate
Canford	21 points	2334 aggregate
Oakham	17 points	2331 aggregate
Bradfield College	15 points	2320 aggregate
Price's	8 points	2269 aggregate
Kelley College	1 point	2225 aggregate

How to make the most of the hard work you've done at school.

There's ample scope in the Navy for young people who want to make the most of themselves.

For Boys. If you're bright at Maths, and Science or English, you can apply for a Navy engineering apprenticeship that will make you a £1,000 plus technician.

If you're good with your hands, we can train you to be a skilled mechanic with a trade for life.

Or you might prefer to be concerned with seamanship. Or communications. Or a more administrative job, like stores accountancy or office management. While, if you're interested in medicine, we can give you a three-year specialist training as a radiographer, physiotherapist, or S.R.N.

In fact, whether your bent is academic or practical, you can go a long way in the Navy. Or with the Navy's sea soldiers, the Royal Marines.

For example, with five 'O' levels (or 2 'A' levels) you can try for a commission as a Naval Officer.

And of course, you can now join us for a much shorter period, if you wish.

For Girls. If you're a girl, there's a happy, active life waiting for you in the Wrens (the Women's Royal Naval Service). Here you work with officers and men of the Royal Navy. There's a choice of many interesting jobs. You also have the same opportunities to try for a commission. And you may well see something of the world.

For someone keen on nursing, the Queen Alexandra's Royal Naval Nursing Service is a career that offers excellent training, travel, variety and an active social life.

For full details of any of these careers, talk to your Careers Master or Mistress. Or write to the address below giving your name, age and any examinations you have passed, or hope to pass.

Have you ever thought of becoming an RAF Officer?

Give us 2 minutes' reading time and we'll give you something to think about

As an RAF officer, you'd belong to one of the finest professions in the country. You'd travel. Wherever you went—at home or abroad—you'd enjoy the company of your fellow-officers, people of your own age, with similar interests and experiences.

Every two or three years you'd move to a new job in a new environment. For aircrew or engineers, it could be new equipment and a new challenge. In the administrative Branches, your mind could be stretched on anything from computers to personnel management. You'd emerge with a wealth of management experience.

Up to £385 a year for studying A-Levels

5 O-Levels—or equivalent—including English Language and Maths qualify you to apply for an RAF commission. But A-Levels are an undeniable asset. You could apply for an RAF Scholarship worth up to £385 a year to help you study for them.

£1,201 a year while you're at University

An RAF Cadetship sponsors you through your degree course for 3-4 years at £1,201 a year plus tuition fees. And entry into the RAF as a graduate gives you extra seniority.

That's our 2 minutes up!

If we've said anything to interest you, find out more. Your Careers Master has full information, and he can arrange for you to meet your RAF Schools Liaison Officer—quite informally.

Or you can pick up some free leaflets at your nearest RAF Careers Information Office (address in phone book) or write to Group Captain W. D. Rooney, OBE, RAF, Adastral House (25ZE1), London WC1X 8RU, giving your date of birth and details of your present and expected educational qualifications.

C.C.F. SUMMER CAMP

This year's camp was held at Penhale Training Camp, Cornwall. The main party departed from Fareham on 13th July. After a rugged journey down to Cornwall, we arrived at Newquay amongst a local population of suntanned tourists eagerly clutching surfboards. The advance party met us and took our heavy baggage in the 3-tonners, while we clambered into a double decker bus.

We arrived at the camp, bewildered and dishevelled. We had been assigned to huts 19, 21 and 22, from whence we went down to the cookhouse for an army style meal.

The following week was to contain a syllabus of orienteering, route marching, firing modern weapons, a trip to the local China Clay Industry, and a night under canvas.

The weather was more than we could wish for, allowing us to swim in Holywell Bay several times during the week.

The visit to the China Clay Industry introduced us to the fact that the Army had a surplus of cheese and pickle sandwiches, and brought us back with white powdered boots from the clay powder.

A trip which was well appreciated, was the one to Mill Pool Ranges, here all had chances to fire the G.P.M.G. and S.L.R. weapons. But the climax to the whole camp, was the orienteering day on Bodmin and a night under canvas.

We were mysteriously driven in a covered vehicle to dropping off points. All but one group made it back, some 15 miles to the camp before the 2000 hours deadline. Plenty of food was available which we all found warming to say the least. It was eaten amongst cadets soothing blistered feet and aching ankles.

The camp was successful, and we arrived back at Fareham tired but reassured that we had the whole of the summer holidays to sleep it off.

Robert Clarke. 5 A.

EASTER CAMP 1972 R.A.F. Abingdon (Berkshire)

During our brief stay at R.A.F. Abingdon, a full programme of training and activities was laid on which kept everyone occupied for the majority of the time.

The main role of the Station is for the major servicing of Aircraft, in particular the Belfast, but it is also the centre for the No.1 Parachute Training School. Full use was made of these facilities, extensive visits being organised to each, and these proved to be both instructional and enjoyable, especially the display of parachuting given by The Red Devils.

Flying was laid on in both Chipmunk and Hercules Aircraft. Everybody flew in both types, some being fortunate enough in flying to R.A.F. St. Mawgan in Cornwall. Other activities included shooting on the camp range and at Otmoor, plus a night exercise and several opportunities for various kinds of sport.

There was no doubt that all cadets enjoyed themselves, benefiting a great deal from their stay, and in particular about the internal structure of the R.A.F.

Our thanks go to Major Briscoe and F/O Gilbert for their help and co-operation throughout the duration of the Camp.

Flt./Sgt. K. Bennett.

R.A.F. GERMANY CAMP 1972

R.A.F. Wildenrath, April 11th - 18th

On Saturday April 11th a party of 5 R.A.F. Cadets from Price's school assembled at Fareham station en route to Easter Camp at R.A.F. Wildenrath Germany. The group consisted of K. Grigg, T. Robson, S. Woolmington, Cpl. Chilcott, Sgt. Collyer and our officer in charge, Pilot Officer Gilbert.

THE HISTORY OF PRICE'S SCHOOL

by

F.E.C.GREGORY

On sale through the School £1.25 or £1.40p (inc. postage)

Cheques should be made payable to: *Prices School Combination Fund*

Direct, A/c, Father and our officer in charge, Pilot Officer Gilbert.

At Gatwick we were joined by V. Ward who, due to an argument with a mini a few weeks previously, arrived by car with his leg encased in plaster and sporting a pair of crutches. As the weigh-in queue shortened, our eyes were anxiously watching the entrance for our senior cadet F/Sgt. Salvage who was driving his own car to the airport. As we took our places in the jet (a BAC 111), and the hostess closed the door there was still no sign of him, but after a few minutes the door was re-opened to admit a red-faced and thankful sergeant who had been held up in traffic.

The flight to Germany lasted three quarters of an hour during which time lunch was served. As we neared the touchdown point we were able to see the dispersal circles and runways of our home for the next seven days. A few minutes later we were down and passing through the smooth and efficient Customs set-up. We then watched with horror as our luggage, containing cameras and like, came bumping down a conveyor belt and invariably fell off before reaching the end.

The camp itself was a town in its own right and included three clubs, a cinema and a bowling alley. It was situated in woodland which provided excellent camouflage for the more important buildings. Our dormitory was conveniently situated about 500 yards from the Airmens' Mess, and only half that distance from the main camp facilities. The cuisine of the Airmens' Mess was excellent and always gave a good choice.

Each day an interesting and varied programme was arranged for us. This included visits to — A Fire Fighting Demonstration, Airfield Police Dog Demonstration, Weapons delivery, Navigation and Attack systems, Ejection Seat section, (where Cadet Robson was strapped into a Harrier seat and we were placed under great strain to resist the temptation to pull the blind). We also paid visits to Air Traffic Control, Army Aviation squadrons, Nos. 20 and 1 Squadrons Harriers and sat in on a Met. briefing for the pilots. After our tour we were invited to coffee at the Officers' Mess.

During the week we had an exercise in the hills about 40 miles from the camp. This was in two parts, one part involving map-reading and the gathering of information, and the other escape and evasion. The Price's team came second overall.

We fired .303 rifles on the range one morning and all cadets managed a 20 minute flight in a 'Pembroke'.

Various excursions were made from the camp by coach, which was driven with great enthusiasm by 'Herbie', a German civilian with a good command of English. The trips included visits to the Evolution Science Exhibition at Eindhoven, and the Overloon Museum, both in Holland and a boat trip up the Rhine with stops at Bonn and Cologne. During the evenings we made trips into the surrounding villages and sampled the various German beverages.

The week passed quickly and all too soon we were packing our gear for the homeward flight. On arrival at Gatwick we discovered a rail go-slow was in operation, which made our journey to Fareham take three times as long as that from Germany — but that's another story.

On behalf of the other boys may I thank Pilot Officer Gilbert for making our trip so enjoyable.

S. Woolmington.

6 AL 2.

THE STAFF DANCE

On 24th March 1972 we held what we hope will become an annual event - a Staff Dance.

Mr. Chaffey was the mainspring and organiser-in-chief and with careful planning beforehand he and his small committee transformed the school hall into a veritable palace. (Our thanks to Mr. Baker for the beautiful flowers and shrubs).

The guests were met with a glass of punch and amongst them we were especially pleased to welcome Mr. Ashton (who later carried his years lightly in the "Gay Gordons"). Mr. Roy Cummings Band "made" the evening with excellent selections and the floor was crowded during the whole evening. We broke off at 9.45 p.m. for a sumptuous Buffet supper and then continued the festivities until midnight. Midnight came too soon and we left hoping we shall do the same next year.

R.E.D.

THE ASTRONOMICAL SOCIETY

The mirror we have been grinding for an eight inch telescope is now being polished. It will be tested for accuracy, any necessary corrections made, and will shortly be despatched for aluminising. The telescope will be constructed as a "skeleton" tube on a fairly simple, though rigid, tripod-type stand. We have decided to make it portable so that each member of the society may keep and use it for a project of his own choice for a limited period of time.

If the mirror is sufficiently accurately figured, it may be used for planetary and lunar observation, though it will almost certainly be useful for observing comets and will greatly aid the society in the study of variable stars.

The society has passed through a rather bleak period with declining interest taken in its affairs by members. However, we are now organising new projects and have every hope for the society's future.

V.J.Freeman, 6 Sc L.

BADMINTON

A team was formed in the Autumn Team, 1971 with the object of entering a proposed Hants School League. This did not materialize this year but is confidently (!) expected for next.

Individual and pairs were entered for various events arranged by the Schools and the Hampshire Badminton Associations. The best results were obtained by Wilson who reached the final of the Schools' Individual Championship in his age group, only to be defeated by an extremely fine and practiced player. He did, however, win more points from the winner than the winner had lost in the whole of the rest of the competition. Wilson and Tomkins also won the pairs championship at their age division.

BRIDGE CLUB

Chairman : G.D. Walter
Secretary : N. D. Bridgen

Treasurer : K.J. England
Press Officer: K.J. Ashman

The Bridge Club has again had a successful year with a record membership of over 55. During the year Mr. J. Jones has been kind enough to take bridge classes after school - for both beginners and seniors in addition to helping with the play of duplicate matches on alternate Friday nights.

We have been able, this year, to play in several external matches - a team from this school (Lillywhite, Wise, Bridgen, Borthwick) played in the Daily Mail Schools tournament at Bournemouth and did very well to come second out of eight.

There were also two matches against Purbrook. Both of these matches were won quite comfortably although they had much improved by the second match and the winning margin was considerably less.

This year we also entered, for the first time, the Thorngate Cup. The team, Bridgen, Borthwick, Bascombe, and Walter did very well to come 23rd out of 28 teams, considering that the other competitors were all adults and had been playing Bridge for far longer. Although the team came 23rd they still beat teams composed of Star Masters.

K J. Ashman, 6 A.L.I. Press Officer.

THE CHESS CLUB 1971-1972

The Chess Club was less successful this season than last, mainly because of the lack of members drawn from the fifth and sixth forms. We were therefore able to enter only four teams in the Portsmouth and District Chess League - one senior, one junior and two minor teams.

The A team was handicapped by having only five players to call upon, so that if anyone was unable to attend we were obliged to concede a board. The B team played with great enthusiasm and so were somewhat unlucky to finish in such a low position. The two minor teams show great promise and should therefore do well in later years. However it must be said quite forcibly that all the minors play much too quickly. If they gave themselves time to think their game would improve tremendously.

Two players were awarded chess colours this year - M. Newbury and G. Walter.

Two teams were entered for the Sunday Times Tournament. The first team lost in the opening round to King Edward VI School, Southampton, who went on to reach the semi-finals. The second team reached the second round but were then beaten by Bournemouth School, the eventual winners of the section.

The James Trophy for the winner of the Minor Chess Tournament was won by G. Dykes, then a member of the first form. This was a very good result, as he met some strong second form players.

A new tournament, the Handicap Chess Tournament, for a trophy recently presented by G. Walter, was held this year. In this, players were handicapped according to age by giving up one or more pieces before the start of the game. This tournament was won by M. Newbury.

We thank Mr. A.R. Marcus for his help with the club this term.

G.D. Walker,
Secretary.

DEBATING SOCIETY

The last year has seen changes in the format of the Society, which has combined with its counterpart at the Girls' Grammar School to form "The Joint Debating Society". In spite of this, the aims of the Society remain the same as ever, that is, to provoke thought on a wide range of subjects, and to encourage members of the School to develop their powers of reason and oratory.

On the first front, the battle has been successful in that a great many diverse subjects have been dealt with — motions have included variations on themes of yetis, colour bars and schools' student unions — and yet more daring subjects are in the pipeline.

Unfortunately, the second front has been a struggle. It seems that at the moment Price's School is suffering from a lack of would-be Hoffnung's, in short, it is always left to the enthusiastic nucleus to provide the speakers in Debates. It is hoped that a few people who are reading this article will be spurred into action, and will become avid supporters of the Society. Such is the optimistic spirit of the Society today.

THE ELECTRONICS CLUB

The Electronics Club has expanded rapidly this past year. Since its foundation in late November 1969 the club has undertaken many projects. As well as putting on a large display at the last Fête we had an impressive display for the 250th Anniversary celebrations which attracted the attention of a member of the Electronics profession holding a very important position at the British Radio Corporation's Gosport Division, Ultra. He offered us various pieces of equipment. The club now, as a result of further contact with him, has in its possession one monochrome television which we intend to use for long distance reception of continental T.V. transmissions, and also one 27 inch colour set.

The Club depends a great deal on the generous support of the Physics Department, and is thankful to the Department for being a source of equipment we wish to borrow.

The club now looks forward to an even more successful year. We welcome anybody with an interest in electronics or radio to attend any or all of our meetings.

M.J.Lloyd. Secretary.

JUDO CLUB

The School Judo Club was reformed early last school year with the help of HMS Collingwood Judo Club. From the start all those involved felt that the club was here to stay and so far we have been right.

The Club's first major engagement was the School Fête, in which the Club had unparalleled success. Of all the displays that the club has ever done, this was by far the best, both in response from members to stage the display, and in the response from the public. It was necessary to do two performances both of which were packed out!

The next major event was the Grading at Frimley Park 'Boudakan'. It was here that we had our greatest success as we did not fail to reach at least two grades higher than when we entered for both classes (Senior and Junior). However, the greatest praise must go to the four boys who were entered for a senior grading against adult contestants, and "walked off" with Orange Belts. No mean achievement when your opponent is more than three times your age and more experienced.

What of the future? The Club has received its quota of new members this term (Autumn 1972) and now that we have a large club we are "toying" with the idea of asking for some sort of school Judo Team, as well as trying for some form of inter-house competition. I hope we get it.

I. Jones. Secretary.

TRANSPORT SOCIETY

Very little has happened in the Society during the past twelve months, due to the unfortunate necessity to prepare for examinations. Thankfully these are now past, and for the moment it is once more possible to live a little.

The immediate task facing the Society is that of persuading a member of the Staff to accept the post of Chairman, vacant now for well over a year. It is understandably difficult to interest a Master in the position unless it happens that his interests are coincident with those of the Society.

Activities during the year ahead include the now traditional trip to the Motor Show and visits to a main railway works and to local signal boxes. On the project side we have in mind the construction of a model railway in 4 mm or "double 0" gauge. It will be based on a branch line of a fictitious company, the Great Northern and Southern Railway, and will not be so ambitious as the last attempt, being tailored more to the skills and abilities of the members.

It is hoped to include something of interest in the model for as many members as possible. With luck it may be possible to report, in the next issue, on the successful completion of the undertaking.

E.N. Cowton. 6 So. L.

 Music Exhibitions — N.Armstrong, L.R.Borthwick, A.J.Cleak.
 County Bursary for Games — Swimming: A.M.Scutt.

The Staff - Summer Term 1972

B. R. SHAW, M.A. (CANTAB), 1925-1963

B.R. Shaw came to Price's in 1925 and served the School for 38 years, being Deputy Headmaster for the last nine years. He came when the numbers were about 170 and left when they had risen to about 500, so he saw a great increase in the size, and at the same time a great step forward in academic progress.

He taught mainly Geography, Latin, French and Spanish and whilst he would be the last to claim great academic distinction, there is no doubt that he was a great teacher, illustrating the more unpalatable facts with anecdotes and stories from the mine of general knowledge he possessed. He demanded the attention of the pupils at all times and if his words were not enough, other methods were used.

He would, however, I think, most like to be remembered as the Games Master. For over 30 years he organised all the School games, coached the School Teams, watched them play and in his younger days, played with them. No one ever exacted better performances from a School Team than Mr. Shaw. Loyalty to the Team and to the School became a watchword and woe betide anyone who fell away from the very highest standards of behaviour and courtesy in the field of play.

He lived in the Fareham area for 47 years, mixing with all manner of people, and he was astonishingly well liked by everybody. When he retired in 1963 it was not long before his wife became ill and he took up the whole burden of housekeeping, including cooking at which I can personally vouch, he became very expert. He was obviously very pressed by this burden but he never complained.

Words are quite inadequate to describe such a character and the tremendous influence he had on the School and his friends, and we who knew him shall miss him very much. It will be a very long time before Price's School has such a servant.

OLD PRICEANS' ASSOCIATION

ANNUAL GENERAL MEETING 16th SEPTEMBER 1972.

Eighteen members were present when the President opened the meeting at 5.30 p.m.

A short tribute was paid to B.R. Shaw and G. Chignell.

The minutes of last year's Annual General Meeting were read and approved.

SECRETARY'S REPORT. There had again been an increase in membership and the Association now had 260 members.

On the sporting side, the Soccer team had drawn 2-2 and visions were raised of the possibility of playing two teams in the future as the numbers offering to play were very encouraging. The Hockey Match was lost and the Cricket Match ended in a Draw. Reports of the Matches appear elsewhere in the "Lion".

TREASURER'S REPORT. A full copy appears in the "Lion" in general the financial position was a healthy one.

ELECTIONS

J.D. Cole was re-elected Honorary Secretary.

R.E. Daysh was re-elected Honorary Treasurer.

T. Chapman, M. Bayliss and N. Buckingham were elected to the Committee.

ANY OTHER BUSINESS.

It was proposed by T. Chapman and seconded by D.C.T. Humphries that £10 should be set aside for the award of the "Shaw" bat and £5 for the "Johnston" stick. Carried unanimously.

It was proposed by D.C. Williams, seconded by C.P. Nobes that up to £70 be set aside for gifts to the School at the Headmaster's discretion, and that the gifts should be presented at the Annual Dinner.

The Headmaster was asked to report to the A.G.M. in 1973 on how the Reorganisation proposals for Secondary Education may affect the Association.

The Meeting closed at 6.20 p.m.

ANNUAL DINNER.

38 members were present, which was rather disappointing. However, B.P. Cariss proposed the toast to "The School".

P. Hancock, Head Boy, replied most ably giving a short account of the life of the school during the past year, and proposed the health of "The Association". R.G.S. Skipper replied on behalf of the Association.

In response to many enquiries, the President gave an outline of the Secondary Reorganisation.

J.D.C.

TREASURER'S REPORT.

Our Balance Sheet for the past year shows a credit balance of £104.77 in our Bank Account and other assets of £134.48, making a total of £239.25. I consider this is a sound position, although, of course, our total assets fell during the past year because of our 250th Anniversary celebrations.

The A.G.M. of 18th September, 1972 voted to give the School £70.00 a year for a purpose to be decided by the Headmaster and we shall, in addition, continue to donate the Shaw Bat and Johnston Stick. I think, then, that we can take some little satisfaction that we, as Old Boys, are doing something to help the school and are not just staying in existence to keep in touch with one another.

May I thank members who remembered to amend their subscription to £1.00 a year. At the same time a large minority have failed to do this and may I ask these members to do so now please. Do reach for your pen at once and save the unnecessary chore of individual reminders.

I owe thanks too, to several Life Members (who, I am sure, wish to remain anonymous) who have begun paying annual subscriptions. Whilst they would admit they have had marvellous value for their Life Subscription of two guineas paid about 40 or more years ago, they are still entitled to receive their 'Lions' and circulars free and we would never solicit a subscription from them.

R.E.D.

G. CHIGNELL (1910-18)

Guy Chignell died on 22nd February, 1972 after a long spell of indifferent health.

One rarely, if ever, heard his Christian name. He was "Chiggy" to all Old Priceans and all generations held him in great affection. He (and the late D. E. Gregory) were the founders of the Old Priceans' Association and Chiggy was its first Secretary. (He appears in our first school photograph, of about 1916).

On leaving school he achieved great success in business, but when he returned to school he forgot his exalted position and was instantly one of us again. We remember him most, perhaps, as an after-dinner speaker with his inimitable anecdotes and stories.

Now his voice is still; but the memory of his sight and sound will remain as long as there remain Old Priceans who knew him.

B.R. SHAW (1926-63)

Mr. Hilton has written in another place of Mr. Shaw but it is unthinkable that we, of the Old Priceans, should let his passing go unmentioned.

We knew of his illness in April and hoped in vain for his recovery but it was not to be. He died at his daughter's home in Sussex on 27th July.

He was without doubt one of the 'greats' of Price's School, following in the footsteps of Mr. Bradley, Mr. Johnston and Mr. Shaddock. All his working life he spent at Price's, retiring as Deputy Headmaster in 1963.

It is certain that no words can fully do him justice but Mr. Thacker's tribute in the Lion of 1963, comes nearest to it, perhaps. May we, then, use his words:-

"Mr. Shaw has stood, in the small world of Price's, as a most effective example of what a simple adherence to the basic principles of decent civilised living can bring in achievement and satisfaction."

So shall we remember him.

NEWS OF OLD PRICEANS

J. D. SHEPHERD (1941-45) has joined the Association within the past year. He is serving at Beeston, Notts. as a Major in the R.A.E.C. Modestly he says his only claim to notoriety was to have been the only private in the Cadets who was also the Bandmaster.

E. J. WEST (1925-30) is another new name on our list.

L.F. RALLS who left school in the early 1930s to join the R.A.F. is now retiring as a Wing Commander to live in Park Lane, a mere five minutes walk from the school.

T. WAGSTAFFE M.B.E. has rejoined us, after a few years' absence from our list. He is well known to all who live in Fareham having worked all his life for Fareham U.D.C. He is best known, perhaps, in the hockey world. He has retired from work — we doubt if he has from hockey. His years at school were 1918-23.

E.B. MOULSON (1945-52) missed this year's cricket match through a severe injury sustained playing badminton. We were pleased to see him in September at the Old Boys' Soccer Match, although he is still limping.

J.J. WAY (1937-44) had not visited the school for many years and it was good to see him at the football match, and at the A.G.M. and dinner. He now resides in Birmingham.

G. SHERIDAN (1965-72) will be in Australia when he reads this. His family have emigrated to Victoria and we send them all our good wishes. Mum and Dad Sheridan were very active parents on the P.T.A.

H.E. DEAN-COOPER (1916-22) duly visited the school again in the summer. It is 50 years since he left and he has never let a year pass since 1922 without visiting the school. For good measure he came to the Dinner too! The 1922 photograph, incidentally, is at present on display in the library. G.R. Rogers is also on it.

M. C. PRIVETT (1930-36), Secretary of L.S.O.P. was at the Dinner. We cannot think of him without remembering that he and Mr. Johnston were put in prison, in the 1930s, by Mussolini's Italian government! The story reached the national press before they were released.

D.C. HUMPHRIES (1921-30), Chairman of L.S.O.P. was also down for the Dinner. He and Martin Privett send a cordial invitation to all Old Priceans to attend the London Section's Annual Dinner at Bertorelli's Restaurant, W.I. on 1st December, 1972. The London is always a most convivial occasion. Those interested should contact M.C. Privett at 69, Chesswood Road, Worthing, Sussex.

E.J. YOUNG (1941-45) has been seen again! We remember him best as an elegant cricketer and a good footballer. It is many years since we had news of him. He is now in his father's building firm and living in the Lee area.

P. R. LEWIS (1946-54), now a Squadron Leader in the R.A.F. has moved to Leuchars, Fife.

B. BUCKLEY (1927-35) who already holds the M.B.E., is to be congratulated anew for being awarded the Imperial Service Order.

E. de C. TURNER (1944-50) visited the School earlier this year. He is running the Stopsley Sports Centre in Luton.

E.R. SHEPPARD (1912-15) is a name we have not mentioned (as far as we recall) for many years. He visited the school on 26th September and tells us he is now an American citizen living in New York, at 235, East 50th Street, N.Y.22.

K. J. MIDDLETON who left in 1969 has this year graduated from the R.A.F. College at Cranwell as Pilot Officer.

A.D. RICHARDSON who left in 1970 has obtained a place at Weymouth College of Education and is studying on a Teacher's Training Course.

M. R. TOMS has now left Welbeck College and gone to Sandhurst.

S. WARD who left in 1971 has joined the National Westminster Bank.

Dr. P.L. DOMONE, 1958-65, former Captain of London University Hockey Club is now captain of Teddington H.C., He still plays for Hants. He recently obtained his Ph.D.

B. SCUTT, 1963-68, has received his Wings as Pilot Officer, R.A.F. at Linton-on-Ouse.

We regret to record the death of Brigadier R.H.H.Scott, late of the Indian Army, on 8th February, 1972. He was not a member of the Association and we have no other information on him but we understand he was a contemporary of H.L. Marriott.

LONDON SOCIETY OF OLD PRICEANS

President :

D.C.T. Humphries,
53 Carshalton Park Road,
Carshalton,
Surrey.

Hon. Secretary & Treasurer :

M. C. Privett,
Sutton Lodge,
69 Chesswood Road,
Worthing, Sussex.

The Annual Dinner was held at Bertorelli's Restaurant, W.I. on the 3rd December, 1971. Twenty-one members attended including Masterman, Marriott, Charles Ross and Wellbourne who were at Price's in the early years when Mr. Bradley was Headmaster. We were very pleased to have Mr. Poyner, Mr. Ashton, Mr. Hilton and Admiral Alexander (Chairman of the School Governors) as our guests.

Mr. Poyner gave us a comprehensive account of the current activities and successes at the school and of the 250th Anniversary which took place in July. On the lighter side, Ross led the 'singing' of the traditional song 'Forty years on' which was always sung at the school's Prize Giving days and at old boy's reunions in bygone years.

The names of those who attended the dinner may be of interest and are as follows:-

D.R. Masterman	(1912-17)	M.C. Privett	(1930-36)
H.L. Marriott	(1914-18)	D.C. Priddon	(1930-37)
C.A.F. Ross	(1916-26)	R.P. Gaiger	(1932-37)
H.de M. Wellbourne	(1918-23)	R.E. Daysh	(1938-45)
M.W. Gardner	(1919-27)	J.D. Cole	(1939-46)
G.W. Winsor	(1919-29)	P.G. Watts	(1943-50)
E. G. White	(1920-25)	P.J. Checksfield	(1943-48)
D.C.T. Humphries	(1921-30)	M. A. Bayliss	(1958-65)
B. Buckley	(1927-35)		

It was regrettable that the number attending our meetings at the Grand Grill, Trafalgar Square continues to be only 4 or 5 as we only meet twice a year on the third Tuesday in February and October at 6.30 p.m. We would welcome the attendance of any Old Priceans who happen to be in London on those dates.

The 1972 Dinner will be held on the first Friday in December, namely 1st December, 1972. This function is always very popular and we hope that it will be very well supported.

All members of the L.S.O.P. send their greetings to the School, to the present and past staff and pupils and to all Old Priceans.

M.C. Privett.

NEW MEMBERS

The following Old Priceans have joined the Association within the past year:-

L.W. Attfield	(1965-72)	T.H. Hancock	(1965-72)	M.A. Seeley	(1965-72)
T.H. Bayliss	(1965-72)	M. Harvey	(1965-72)	J.D. Shepherd	(1941-45)
C.G. Francis	(1965-72)	R.J. Mortimer	(1965-72)	G. Sheridan	(1965-72)
S.P. Fripp	(1966-72)	J.C. Prout	(1964-71)	T. Wagstaffe	(1918-23)
L.G. Gardner	(1962-69)	K. Rowland	(1966-70)	E.J. West	(1925-30)
R. Gledhill	(1965-72)	D. J. Salvidge	(1965-72)	C.P. Williams	(1965-72)
N.A. Hammond	(1965-72)				

PARENT TEACHER ASSOCIATION

Chairman : Mr. E.A.B. Poyner.

Hon. Treasurer: Mrs. S. Ford.

Hon. Secretary: Mr.C.Hartridge.

The 1971/72 year for the Parent Teacher Association was quite an active and successful year, although quieter than the previous year when the 250th Anniversary celebrations were held. There were twenty six members of the Executive Committee, with Mr. Smith and Mr. Gros representing the Staff. During the year, all Committee meetings were well attended.

It must be mentioned that the A.G.M. on 15th October, 1971, was the last duty of our retiring Secretary, Mrs. Greaves Rudge who had given such excellent service to the Association for a number of years. There were also resignations from Mrs. H. Daysh, Mrs.H.Fry, Mrs.M.Scott, Mrs.R.Duboyce, Mr. Ellis, Mr. Pigney, and also from Mr. Vail, a member of the Staff who had left the School.

On Friday, 4th February, the Association held their Annual Winter Warm up. This was attended by a large number of Parents and friends, resulting in a small profit which was put towards the Association Funds.

In May, Mr. Bell of the Town & Country Planning Department of the Hampshire County Council gave a talk on Fareham's place in the South Hampshire plan. It was regrettable that so few people attended, as this proved to be a most interesting evening.

On the 27th May, the Annual Fete was held, but owing to the poor weather conditions, we were forced to hold it in the School Hall. As in past years, the Head Girl of Fareham Grammar School, this year Miss Jane Falk, opened the Fete. Unfortunately due to the circumstances, a very much smaller profit was made than in previous years.

The Ladies Committee, ably run by Mrs. Daysh, who had been co-opted on the Committee, held a Jumble Sale which realised £79.00. This was given to the Hockey Club.

During the year, donations were given to the School, namely £100.00 to the Library, £60.00 for Musical Instruments and £15.00 for Picture frames for the Art Department.

The next Annual General Meeting is being held on 4th October, 1972, with a Talk on the future of the School by the Headmaster.

C. Hartridge.

Hon. Secretary.

PORTSEA ISLAND MUTUAL CO-OPERATIVE SOCIETY LTD.

Not all secure jobs are dull.

**Exciting, worthwhile work, rent-free housing—
and in the £1,000-a-year class**

It's true to say that today's policeman has a lot on his plate. It's also true to say that the work is challenging and absorbing, and that it combines standards of pay and security that would be hard to beat in other jobs.

With free housing or a generous rent allowance (tax paid!) many 19-year olds can expect to be in the £1,000-a-year class from the start of a police career.

And that's only the beginning. If you march up to the job, you could be a sergeant in your twenties, earning around £1,400 a year. And you could reach Inspector in your thirties and be in the £2,000-a-year class.

Pay and promotion are just two of the things that have improved in the police. Routine and paperwork have been reduced, personal

responsibility and freedom have never been greater. And there's more opportunity to specialise: you could make your mark in the C.I.D., in communications, as a police car driver.

The whole structure of police work is being reorganised and modernised. And an expansion programme means that in this year alone the police will need 1,500 recruits.

If you are 5' 8" or over, fit and between 19 and 30, you can apply to be part of the faster-moving, faster-thinking force that's in the making. For women 5' 4" and between 19 and 35.
